**2** At **the base** of CIK #: 0001328041 / “Bulgaria” DUNS: 52-364-3611 is **a private** company, which is fraudulently called “BNB” JSK (Bulgarian National or National Bank) which private company, distributes every single salary through a network of **private** companies, called “banks” having 99% foreign ownership **without** a basis for their existence, **without** valid court registration, **without** valid entry in **a private** company Registration Agency, which **1** private company is attached to **2** private company fraudulently called - “Ministry of Justice” without Legal right except as Illegal, Outside the Law and Criminal forms of OCG for collaboration through the internal agreement between them!

**3** Fraudulently called "banks" use misleading names similar to the private company "BNB" JSK, as it turns out that not only the private company "DSK" JSK uses fraudulent symbols in the abbreviation ("State Savings Bank"), despite the fact that the so-called "bank" is complicit in the theft of personal funds (through "BNB") and **there is** nothing state (nor national) in either the "BNB" or the so-called "state" "Bulgaria" - there **is none** , but private companies and joint-stock companies, often with 99% foreign participation in the plundering of a state that has been missing since 1992, as well as in a corporation that has been missing since 2005, no matter how much the opposite is suggested, it is exactly the opposite!

These are **commercial** entities with an assigned UIC code in a "corporation" **without** a corporation in a "country" **without** a country!

**4** AUDREY This **audacity** , of the Criminal actions (described below) is realized entirely in agreement with the center of continental Europe its Central European Bank, which is informed with RR-Request_Report-ECB-VCommision-18.10.2024 00483\7,8\810015 sent personally to the governor (of the ECB) through an official postal operator, and also electronically to correspondents who have received not only all the information, but also the necessary documents in confirmation that Europe - corresponds, has a coordinated interaction with Illegal, Outside the Law and Criminal "power" as (Europe) knows this very well, but takes advantage of the bandit cells (called political or financial) to advance their own interests, which "European" interests, - cannot be realized by Illegal, Outside the Law and Criminal "power" except through the criminal encroachment between them on - a

subject, of a former state after the coup d'état that took place, all this has been explained in detail also to the European Chief Prosecutor's Office, which has adopted the position of tacit consent on this issue, that on the Balkan Peninsula there is a well-organized OCG group for banditry through the use of deception between aggressive collaborators without borders, who are working on their program with the same goal!

**----------**

**FIRST -** Everything here is synthesized ( **in short** ) on basic information that is protected by the necessary documents and evidence!

**----------**

**SECOND -** Without any basis for a Legal (permitted) action after 13.07.1992, a Coup d'Etat was carried out in 2005 in **an attempt** to sell someone else's property by Illegal sellers or fraudsters who used the situation of deception created by them in order to continue this as a consequence, to commit all kinds of crimes after this period!

ARHEA.ORG

T 1 In this way, **33** years after 1992 and **20** years after the Coup d'état in 2005, the same Illegal, Illegal and Criminal "power" after this period consciously and intentionally, settles on public resources and national values, as well as on public wealth, which Criminal (after 1992) action has been explained correctly, in detail and comprehensively in a series of sent, shared and published documents abroad for the committed not only Coup d'état in 2005, but for the committed extremely **serious** , criminal crime after 1992 of Usurping power through Self-Government, which is explicitly Prohibited by Article 1, paragraph 3 in the Constitution of "Bulgaria" of 13.07.1991 SG56 as of 13.07.1992 at 23:59 another Term has ended and which is Prohibitive, Deterrent with a Blocking effect any action **after** this Mandatory, Preclusive deadline for anything!

There is no possible "way out" in any way - **after** this period, any initiative formed as a continuation **or** as an appendix of a "political" "power" can be born of any "power" after the **indefinite** Ban, which has a Suspending and Blocking effect!

The blockade is indefinite and mandatory, effectively **ending** the so-called "Third Bulgarian State" in an attempt to create such a state, but **without** success after 1878!

After 13.07.1992 - **the end** of the former "Bulgaria" through a (Preclusive) Constitutional text for Blocking, the Illegal and Outside the Law, Criminal "power"

by "inertia" continues the action of denationalization and robbery of resources and values, which wealth is foreign property **without** belonging to the acquisition of the organized OCG group, which through propaganda on television or radio fraudulently and creatively suggests "prosperity" which is actually aggressive robbery on a particularly large scale!

Hundreds of thousands of human destinies have been destroyed for a small people whose State-created ("Bulgarian") ethnicity is in the unenviable position under the rule of a central government, which is hidden not in a political party or ministry, but in a center - a commercial company, a private company, which calls itself "BNB" JSK with a sole purpose and which is assault, theft and banditry on a particularly large scale for the crimes of this OCG target group!

The crimes are not only economic and banditry, but are committed aggressively in the social sphere, in education, pharmaceuticals, medicine, in pseudo-social activities; therefore, topics of disturbing the inner life through internal enemies, who are focused again on **the center** of the monthly salary!

SAVERSION . An attack for the purpose of **bandit** plunder on the way to **the next** goal - **destruction** ("corporation" to **a program** under Agenda 2030 which **cannot** be applied to nation states of independent entities, **but** only by centralizing power in the hands of a (non-political) **foreign** power located **outside** geographical borders) of a state **entity** that is geographically located on **the territory** , but of **a former** state!

AKHEA ORG

Europe is **not** surprised, because Europe is **aware** of what it has.

It is envisaged here - **a central** location of a "central bank" that is **completely** Illegal, Outside the Law and Criminal form of disposing of **foreign** assets and funds after 1992!

During the **preparatory** stage (towards the 2030 Agenda automated process of reduction and utilization, digitalization - the mass executioners are not in closed rooms; quite the opposite) after **the completed** Diversion, television baits, deceptive messages, collaboration with human waste are used to push through **the various** measures on the way to the trap set by this **project** , which is extremely **negative** for the victims from the internal composition of the biological mass!

**A diversion** was carried out by criminal entities who were **appointed** by Illegal, Outside the Law and Criminal "authorities" for "political" arguments; for residents as part of an agent OCG **network** – which had **the same** documents (of the legal experts: Ivan Todorov Gruykin, of Sonya Krumova Mladenova) **all** the time, while the action of **usurping** power was being carried out by an Illegal, Lawless and Criminal “authority” which **consciously** , purposefully made (“successful” – active) attempt as an OCG group after **the** Coup d’Etat to **dispose** of foreign property, wealth and valuables!

All **the** time this Illegal, Lawless and Criminal "authority" has **had** before it and in its hands - **the same** documents on which Sovereign found numerous **serious** ,

criminal crimes committed **without** a prescribed statute of limitations - **1** by name **2** by address, **3** by time of action, which **crimes** show unambiguously marked - dozens, thousands, and over the years hundreds of thousands of **accomplices** in one way or another in collaboration with this Illegal, Lawless and Criminal "authority" made **every** piece of evidence objective, starting from the "living conditions" labeled GENOCIDE to the invasive "practice" of 2020 for a medical-pharmaceutical attack ("cached" in the hands of internal enemies no matter how much they **hide** , it is clear **who** is the "commander-in-chief" or resident during this **time** , and also who was appointed "minister" or some **other** attestation (mediators and human waste) of biological material - **without** exception, busy with sabotage to the chemical experiment on environment as a severe form of active, fierce Genocide leading to **damaged** Nature, which is extremely **fierce** against "compatriots" by the same suicidal **subjects** to this day, who are **hiding** while carrying out their actions!

**NB** Every UIC private company **after** 1992 is a direct **accomplice** to the coup d'état carried out in 2005! - complicit as an OCG **saboteur** on sites **without** any right to dispose of anything!

This **Sabotage** is on business entities, on objects - **part** of National Security, on foreign property, on foreign human rights, when because of **the same** psychopathic **damage** , **attacks** have been carried out for the purpose of theft, robbery and banditry, unfortunately, which is because of **the personal** interests of the OCG bandit group, because **there is no** other qualification!

These documents of the legal **experts** - Ivan Todorov Gruykin, of Sonya Krumova Mladenova, were **not** created in 2025, **nor** were they created in 2024, **nor** were they created in 2023, when Sovereign found them in **response** to the questions that arose!

" *Sabotage - hidden and secret, but carefully prepared special events by agents against the most important objects using various means to achieve certain desires of the leading (central) sabotage policy* " ( **see** below for fully conscious implementation of a Coup d'état, as **well as** Terrorism and Occupation)

All the while, the Sabotage is **being done** intentionally, completely consciously!

TERRORISM and OCCUPATION / LOANS **1** It is shown how **the sabotage carried out** by usurping power penetrates **national** and economic objects with one **goal** , which is their systematic destruction (as a type of) "denationalization" with the goal of **theft** , then division. **2** A serious, resulting **crime was committed** on a particularly large scale with the criminal result of damage with the destruction of **foreign (for the perpetrators) property; serious damage** was inflicted on objects of national importance, as **foreign** assets **not belonging to the perpetrators** were sold off and concessioned ! **3** The crime of sabotage was committed and is being **committed** through direct intent of conscious action towards a preliminary **design** (explained below) to achieve particular **results** with a special **purpose** by weakening the "power" to be created - **the suggestion** of power, which is not only **usurped** , but is actively **4** sabotaging

entities such as Kremikovtsi, BGA Balkan, PAVET Chaira, tobacco industry, energy resources and assets, dozens and hundreds of enterprises of public interest, water management and management, national economy - agriculture and livestock ( animals, **previously infected** , are **deliberately killed** ) towards **the 5** ultimate **goal** under Agenda 2030 in the former "Bulgaria" which the ECB Directive explained, **cannot** be implemented by an Illegal, Outside the Law and Criminal "power" in **the center** , on which is placed **6** a central figure of a private company so-called "BNB" JSK standing at **the top** of the OCG pyramid, **after** the coup d'état!

**7** Criminally and **consciously** , through the private company "BNB" JSK, **a secret** , out of attention - OCCUPATION of "power" seized and usurped through **sabotage** by way of technical Speculation in former "Bulgaria" is being carried out / **how** is this done?

Sabotage for the purpose of Occupation. Enabled, on the initiative of "political power" in the hands of "BNB" JSK **on** this "political power" at **the top** , the so-called "Bulgarian Bank" (directly connected to the ECB) **after** a preliminary, aggressive plundering of internal assets and values, fully consciously and deliberately:

**8** He drew (through proxy persons) LOANS with interest on unsuspecting future recipients of this – **liability** !

**loans** are being taken from the International Monetary Fund **without** any reason for taking out loans, given that the former "Bulgaria" **has an** extremely **rich** resource of values and wealth, which were **previously** - intentionally, concessioned, sold off and "nationalized" for the same purpose! / the goal in **the near** future is - OCCUPATION (transfer of power beyond state, geographical borders) **carried out** , which was **not** carried out for objective reasons (see **nothing** for **nothing** ) shown here in - Section **No. 11** .

The so-called "BNB" JSK takes an active **part** in these processes, under **the occupation** of a former state through a central "authority" and which is not political except as a fiat, **empty** means for "political" negotiations with the ECB. & CO partners abroad of **the same** "bank" "BNB" which **has** nothing to do with the legal right to banking, banking activity and financial speculation!

The occupation carried out by the private company "BNB" JSK is **an idea** of "property" pledged in debt **without** the possibility of being returned even as interest on a deferred payment, as a response to the state of this "debt" with the same goal - at a later stage in the near future for technical bankruptcy, in anticipation;

**9** To request Loans again upon entering – debt slavery, which is indefinite!

Occupation after Bankruptcy. Today, the so-called "Bulgaria" is in technical, systemic **bankruptcy** and entirely **dependent** on the actions of the banking cartel or international Syndicate, as the amount of withdrawn **loans** is completely **sufficient** to be (this amount, of this lender, of this bank in the hands

of these private individuals) - Manager of **internal** processes through "BNB" JSK of course provided with **a network** of "political" (hungry) system in the form of an empty, fiat, **without** coverage for the shameful action means of Occupation - type "follow me and flood".

**10** Technically, the private company "BNB" JSK has committed **serious** , criminal crimes **not** only in former "Bulgaria" **if** its (at this table) partners are European institutions, banking **cartels** all over the world together with their OCG branches and **networks** in former "Bulgaria" until clarity is reached, about **the place** of this criminal, criminal **group** for banditry, which after the Coup d'état carried out is encroaching for **the second** time (after the 1879 occupation fund) with **the aim of** Occupation in **the near** future, but through induced technical ( **artificial** ) bankruptcy!

**11** Any "debtor" in such a way, secured by the private company "BNB" JSK will be effectively **deprived of his property without** being a real debtor, except through **fraud** , which was committed **against** the former "Bulgaria" with the purpose of - **Occupation** due to the inability at any time of this "debtor" to repay **the loans** , which were caused by the private company "BNB" JSK in connection with international affairs, secured through **proxy** persons from "BNB" JSK with the same purpose!

**12** The so-called "BNB" JSK has been carrying out the same, aggressive action of OCCUPATION against "Bulgaria" since its creation as a table for disposing of foreign wealth, resources and values!

ARHEA.ORG

The sabotage today was carried out quietly **without** publicity, **without** noticing the pig-like entry of bandit **groups** into a "political" bacchanalia, which was provided **on purpose** for the same purpose and on the same territory! In this way, the sabotage **on** economic entities of National importance for **the purpose of** subsequent Occupation is carried out systematically through "political" OCG **groups** to attack **economic** entities of National importance in order to ensure a helpless **state** for the missing state after 1992, except for robbery and banditry (actions) **through** "BNB" JSK and in 2025!

**13** Terror and **Terrorism** – These OCG intangible (but active criminal) **entities** are responsible for **every** single action, for committing terror such as GENOCIDE by creating **impossible** living conditions, **when** Sabotage groups for attack (for example) in 2020 organization NIGHT through television screens, through speculators and collaborators in medicine and pharmaceuticals in "political" mud, through fences around populated areas, secured checkpoints (checkpoints) by people's militia - **push** tens of thousands of Bulgarian citizens towards **a predetermined** fate, **all of** this is - enabled, implemented through a private company "BNB" JSK its network of "banks" (tables) for distributing, providing, disposing of **funds** from the systemic OCG budget towards implementation, which has **the same** goal - Terrorism!

**14** The power over the territory of **former** "Bulgaria" as **a plan** (with the central executor "BNB" JSK) must **pass** into the hands of a "banking" circle of

**fraudsters** , who are arranged around a generous **table** , which is provided by the private company "BNB" JSK as part of a criminal, international Syndicate on the way to ensuring conditions under the Agenda, part of the Apocalypse program; for the perpetrators - "BNB" JSK is **an inseparable** part of the system **executors** !

**15** Which, due to the state of former "Bulgaria", **cannot** be done!

**16** Of course, ECB & CO are surprised by this manifestation, as well as disturbed by the expressed right in essence, which is indefinite under a Law that **cannot** be usurped! (see Hutzpah)

**17** The action of "BNB" JSK as a place of **central** executor and supplier for the perpetrators, not only **cannot** be hidden after this Retaliatory REQUEST, but is **a signal** for the state of an Illegal, Illegal and Criminal "power" that is actively carrying out its **attack** against **the former** "Bulgaria" 1878-1992 in the year 2025!

It turns out that the private company "BNB" JSK has a far more significant **role** not only in the process of denationalization, in ensuring the measures under the Agenda through collaboration, but is in the near future of - **the attack** against the former "Bulgaria" on the path to "digitalization" which **cannot** be implemented legally on a territory that is **neither** owned by the joint-stock company, **nor** is it a state entity, **nor is it** a corporation after the Coup d'état in 2005, except through **fraud** , in order to fulfill the orders set, **regardless** of whether they are legal, as the only important thing is the implementation under the Agenda of the external scourge, which has long been on "Bulgaria" **without** exception in 2025!

ARH.BG

"BNB" JSK **cannot** (Legally) implement the measures under Agenda 2030 in the former "Bulgaria"!

Nothing has been observed, **neither** the basis of the Laws, **nor** the Prohibition with an ended Blocking effect – such (effect) does not exist, it **is missing** in the minds of the figures! A period of 33 years of banditry towards abominations has been provided, which allows for **the conditional** denationalization of a state **that has been missing** since 1992 or a “third Bulgarian state” from 1878-1992 in **an attempt** to sell (this state) as a corporation DUNS: 52-364-3611 for $ 750,000 per 5 million (civil body by registration) or $ 6.66 per unit – which is impossible! Because the power was Usurped through a Coup d’Etat in 1992, which was Prohibited **in advance** by Article 1 paragraph 3 against the appropriation of Sovereignty by an organization, political party, private individuals! – this is exactly what has been done.

T 2 In this way, **there are no** legitimate sellers except a fraudulent OCG for the disposal of foreign property, which a bandit group, is committed against Article 1 of Paragraph 3 by the appropriation of Sovereignty expressly Prohibited, which was done **not** only by attempting to turn **the missing** "state" into a corporation, further signed **not** only fictitious, fraudulent "treaties" and "agreements" for "joining" various unions **without** exception - these actions **do not** make

legitimate **either** membership of the missing "state" anywhere, **nor do** they turn the missing "state" into a corporation for the same objective reason - **fraud** , which is brutal, aggressive, compliant, solely subordinate to **external** orders in execution of their **internal** collaboration for the purpose of personal survival, of this OCG (organized criminal group) named for private individuals over the years having a proven, suicidal, psychopathic, mediated (radio, television, newspapers, network) psychiatric imprint of your personal awareness in public space!

**Not** a single legal basis is respected, because exactly the opposite is done! In the whirlwind of this massacre in the period after 1992, a series of **serious** crimes are being committed on a criminal basis because of the same **interest** , which interest on a personal basis **fraudulently** turns into a public one because of the personal interest in favor of the same perpetrators, some of whom in 2025 are still in "politics" as a source of wealth in one way or another, which ensures their modest (physical and) mental state of peace for a job well done by asocial type of perpetrators from a social **appendix** , which is calmed only through theft and banditry in the blood of the kinship!

T 3 In this way, the Criminal Action goes through **several** bandit stages, which is explained by Sovereign with the relevant documents. The criminal situation is extremely severe, as national resources and state wealth are brutally (banal) **stolen !**

This turns out to be the ultimate **goal** of every action after 1992 as the sole **goal** of the struggle for **the survival of an Illegal** , Lawless and Criminal "power" that uses the created criminal environment for its own **survival** , for enrichment, for the personal well-being of a cohort of sick, inadequate fraudsters like mushrooms emerging after every "election" rain in **an attempt** to legitimize a criminal, organized OCG "power" with the intention of **indefinitely implementing the same results** through **fraud** , through deception or in any other way , after the Coup d'Etat!

Through proxy persons, various managers have been appointed **without** a Legal attestation, which has ended in such a way ( **without** this attestation), that only metastases of OCG groups are developing **without** relevant, available Laws, which laws could - allow the performance of actions, which actions are nevertheless performed **without** a Legal basis, and in this way these Criminal OCG nests ( **without** exception "private companies") indefinitely Outside the Law as offensive **groups** usurped "power" that (power) **does not** belong to them **neither** after 1992 **nor** after 2005 (proven by experts on whose **unlimited** Expertise Sovereign built this text, on this Retaliatory REQUEST against **the center** of bandit "power" its provision, for a job well done) - these nests, aggressively, through **deception** , persistently inflict their defeats through their actions on their victims by habit or in another way known only to them!

**----------**

**THIRD -** LAW AND RIGHT Private companies after the Coup d'état. Without exception, **every** single entity makes an (unsuccessful) attempt to legalize its activities in this Criminal environment under one or another form of collaboration in **a missing** corporation despite the attempt to sell - which attempt was **not** successful, but only shows the Coup d'état **carried out** in 2005!

Thus, every entity without exception acquires **a UIC** commercial number of a private company - sole proprietorship or joint-stock company, which begins to "operate" under the flag of a "corporation" with the assigned name "Bulgaria" - **neither** one (corporation) **nor** the other (state) after the Coup d'état carried out in 2005, which is **prohibited** by Article No. 1, paragraph No. 3 of CRB 13.07.1991 SG 56 in the text on Self-Government concerning Usurpers who **will appropriate** State Sovereignty as a political party, organization or private individual - all that is explicitly prohibited and **envisaged** as an action, is done in the same way!

Without exception, private companies persistently create **the impression** of **1** state entities, **2** national, **3** political, **4** administration, **5** agencies, **6** ministries, **7** companies, **8** banks, **9** credit houses, **10** "authorities" - prosecutor's office, judicial, internal affairs **without** exception, which is **not** possible after 1992, but speaks of systematically related OCG metastases to the Coup d'Etat carried out in 2005!

ARHEA.ORG

*The attempt to turn a missing state into a corporation is an act of usurping the "power" to this day, which Illegal "power" **does not have** its own "Ministry of Justice" **nor** a Registration Agency for this "ministry" **due to** the lack of a basis for action, **if such an action** is carried out it is only Illegal, Outside the Law and Criminal!*

*Thus, commercial entities with an assigned **UIC** code under the "new system" are not systematic violators, but **accomplices** in the Coup d'état carried out in 2005, despite the available text of a prohibition **in** the Civil Code of the Republic of Bulgaria 1991, State Gazette 56, Art. 1, para. 3 **against** arbitrariness by one person, through an organization or political party, explicitly **prohibited** , which has always been done!*

*This does not stop the Illegal, Illegal and Criminal "authority" from **carrying out** all kinds of actions **without** exception that have been Illegal, Illegal and Criminal since 1992!*

*This fact indicates that **there is** not only a Ministry of Justice, a "Ministry of Justice"; a "High Judicial Council"; a "Constitutional Court"; a "Prosecutor's Office"; a "Ministry of Internal or Foreign Affairs" next to a Registration Agency , but also a **missing** ministry in reverse, which we will find only imaginary, **due to** an unhealthy psyche of an extremely aggressive, sick ambition for public power!*

*UIC entities **cannot** be entered into **UIC** registers "under the umbrella" of **a missing** ministry, except **for** the carrot of a daily wage, for a monthly bump!*

*The lack of basis, if it was **committed** against the Legal basis, which has **ended** / deprived the right to **act** , but joined **to** the Criminal action of the Illegal "authority" through its UIC accomplices **after** 2005!*

***The absence** of a Registration Agency (due to a missing ministry, available only for the mentally ill) **cannot** perform actions to register UIC entities in **a missing** country in **an attempt** for this (missing country) to be converted into a commercial, joint-stock company or corporation! (explained)*

*This **omission** of the mandatory deadlines fatalizes the deal after 1992 with **a preclusive** , blocking, stopping, suspending term after 1992 in 2025 indefinitely in perspective! (explained like this; today's appealed decision of this Illegal, Illegal and Criminal "authority" **if** 1 business day is missed, a (preclusive, stopping) consequence occurs as a mandatory effect / end of the exercise) - the "authority" will make attempts to "legitimize" itself **through** summons, acts, criminal acts with the aim of its "legalization" which is completely **impossible** as a sanction, except **through** the imagination of authority, **already** explained!*

**FOURTH -** FORM OF ORDER Since, according to the Constitution, **the only** authority is the people as the highest authority and they issue orders, can **write** laws – after 1992, **there is no** other authority other than the people's **authority** that **can** write **a valid** Law after 1992!

On the other hand. The attempt to "Legislate" by Illegal, Illegal and Criminal "power" after 1992 is also **a fictitious** and fraudulent **act** with the aim of erasing a committed serious, criminal crime **without** a statute of limitations for all consequences against **each** participant and accomplice by name, **indefinitely** as retribution for the bandit OCG group!

Pyramidal. These are dozens, and then hundreds of thousands – commercial companies, private companies in CIK: 0001328041 / “Bulgaria” DUNS: 52-364-3611 **without** exception, which are an integral part of **the criminal** encroachment after the Coup d'état in 2005 after 1992 - the so-called "third Bulgarian state" 1878-1992 ended, conditions were created for a bandit, robber environment for crimes on a particularly large scale through persistent "legislation", which creates **the impression** of "legality" in **an indefinite** perspective of **the criminal** act!

**33** years after the Usurpation of Power and 20 years after the Coup d'Etat, the same individuals appear as heirs to an Illegal, Illegal and Criminal "power" with the same personal consciousness, who have their place as Impostors who seized through a Coup an **intangible** "power" (missing, non-existent) **after** - Blocking a term, Suspending and Prohibiting any action **after** written in the text about (in perspective) Preclusion - long ago, which is in effect, and the action is **indefinite** in time!

KEY MOMENT – **Command** Form. As a subject of Protection from the endless attack of Illegal, Outside the Law and Criminal “power” Sovereign **1** (first) – issued **a BAN** Ban / Request 0062(5)3(7)0130 dated **24.03.2025** under the only valid Law from an indefinitely valid Constitution after 18.10.2024 as the basic Law **after** the desecrated Constitution (see below) in 1992, which Ban covers details of repeated encroachment against a Higher Authority on a territory of the same name, which after 1992 is **not** called “Bulgaria” except through criminal **suggestion** and for the same purpose! After gross violation of every aspect of the sent Prohibition and which is of a Mandatory nature for Execution, **2** (second) Sovereign issued (Order Form) ORDER **001200129** dated **02.06.2025** for Execution by the same Illegal, Lawless and Criminal "authority" which **has no** different certification after the Coup d'état in 2005 after the Usurpation of power in 1992, which as **usual** for this Illegal, Lawless and Criminal "authority" was - thwarted in an attempt to **fraudulently** present the same Illegal, Lawless and Criminal "authority" as the only one despite the criminal acts of the suicidal crimes, already announced publicly and abroad!

After a subsequent attack on His Excellency and a member of the Sovereign, a **3** (third) SECOND **BAN** EN-BAN-REQUEST-J-62(5)3(7)0107 was issued against the Illegal, Lawless and Criminal “authority” from **02.07.2025** unfortunately, which was fraudulently thwarted after a few days on **08.07.2025** through - explicitly Prohibited **acts** of deception, through encroachment, through **group** attack this time by the OCG **private** company “border police” UIC 129010125 issued a “summons” to His Excellency (see below) - **after** the issued Ban on any actions by **the private** company “Ministry of Internal Affairs” JSK DUNS 552575789 UIC: 000695235 in **the former** “Bulgaria” DUNS: 523643611 in every way indicating

most likely clinical, mental problems in the corpus of those affected by such manifestations because of such consciousness elements of biological composition, which have their own names in the time segment of the action!

*CIK #: 0001328041 / "Bulgaria" ("Bulgaria") DUNS: 523643611 private, commercial companies from the Commercial Register such as "NS" JSK UIC 000695018 ("National Assembly") along the chain* ***center*** *, political branches; OCG "power" metastases (public, non-public groups, nests and gatherings) not mentioned here, but located on* ***the territory*** *of the former "Bulgaria" 1878-1992 actively* ***implement*** *the orders assigned to them through attractive work of* ***personnel*** *, which in each period has its own* ***names*** *regardless of whether it will be "CM" JSK DUNS 552642316 UIC 000695018 ("Council of Ministers") along the chain center, political branches; OCG "authority" metastases (public, non-public groups, nests and gatherings) not mentioned here, but located on the territory of former "Bulgaria" 1878-1992. This is achieved through repression of a "law enforcement" body - the private company "Ministry of Internal Affairs" DUNS 552575789 UIC: 000695235 having significant experience not only after 1944 in performing tasks in an attractive, because of its armament (Kalashnikovs, grenade launchers and pistols) capable - aggressive way of "law enforcement"* ***without*** *the available law after 1992, when* ***there is*** *nothing to apply,* ***but*** *it is still done - because of "BNB" JSK at* ***the center*** *of monthly salaries! -* free cheese, no.

HUTSPA Not only are Legitimate - Command forms of communication with Illegal, Outside the Law and Criminal "authorities" and their private companies from Illegal, Outside the Law "corporation" in the missing "state" are thwarted, but - **no information** is transmitted under LAW ( ***UCC 1-308, UCC 1-308.4*** *One is notified,* ***all are notified*** *.* ) – When a UIC (“Council of Ministers”) is sent to a private company “CM” JSK – obligation to report in a chain to each “ministry” the UIC of the private companies **under** this “ministry” – The Order is **blocked** with the Chutzpah (the caravan moves on)

Certainly, every "order" of this "ministry" from **the internal** composition of this Illegal, Lawless and Criminal "authority" - is **immediately ordered** to fulfill the assigned tasks by **the internal** composition of the same Illegal, Lawless and Criminal "authority" - showing a state of systematic, chain **encapsulation** in the OCG bandit group after 1992 at **any** time, by name, which has carried out its actions.

HUTSPA When sent – Order form to private companies and societies in **the missing** “state” from a Legitimate Subject of Sovereign Their Excellencies; when a Prohibition is issued for carrying out fixed **actions** with texts under the Prohibition, this Legitimate form of communication with an Illegal and Illegal, Criminal "authority" is **immediately thwarted** with the HUTSPA, **regardless** of whether it will be a joint-stock company like a "bank" or a militia of a "repressive authority" in its entirety, which are Illegal, Illegal forms of **relapse** after the Coup d'état in 2005 (if these have an assigned UIC code and have it) fraudulent, which private companies **not** only do not correspond by Law with the Sovereign, **but** carry out **actions** to - usurp power **every** single time in the same way after

1992, after 2005 with the Hutspa statement, stated as (hold my hat, I dropped my cap) a trend in an indefinite perspective!

The attempt to turn Sovereign into a clown on an arena in the hands of Illegal, Lawless and Criminal "authority" having the potential for artistic presence with aggressive manifestations of rapid defense on this hostile environment surrounding her, **does not** show anything else that is different from the surrounding environment - concentrated in the hands of Illegal, Lawless and Criminal "authority" in the struggle for the personal survival of fixed **names** from a biological, product base!

HUTSPA That is, the "authority" **has no** acquired habits of Laws, if it is found Outside the Law after 1992 indefinitely, for **actions** as a Criminal Composition for imposing measures and orders only and solely to the internal composition and **not** in any other way, except for assigned orders from - **a center** abroad through political and economic mechanisms of cooperation on subjects of issues of **personal** survival, for the same Illegal, Outside the Law and Criminal "authority" on the Balkan Peninsula. (see Sabotage and Occupation)

Not only continental Europe is extremely satisfied; satisfied in every way.

Surely, any information received from this OCG bandit group (biological composition) is kept and archived while being reviewed "officially" by "security authorities" by "security services" found and hiding in nameless streets, having their intentions far from normal cooperation towards a constructive beginning for human existence!

**The possibility** of communication between the Sovereign and this Illegal, Lawless and Criminal "power" of liberal Hutspa manifestations under the weight of Agenda 2030 on the former "Bulgaria" 1878-1992 was thwarted !

This made it **impossible** for communication from within to voluntarily (in good conscience) settle **the debts** accumulated by the Illegal, Illegal and Criminal "authorities" for 1 **action** against Their Sovereign Excellencies, for 2 **actions** of the bandit group after 1992, after the Coup d'état in 2005 under **the auspices** of the Liberal **International** , which wants at all costs **the former** "Bulgaria" to be **turned** into a corporation as an opportunity to implement the programs set out under Agenda 2030 of **external** orders - which is **not** possible! EXPERT DOCUMENTS of a Sovereign. An available database of documents is used to build a Legal form, first with a CORE to the Constitution, to Certificates for indefinite Immunity of a higher **authority** in the person of Their Excellencies, everywhere and in **everything** .

The expert opinion is due to Ivan Todorov Gruykin (lawyer) and Sonia Krumova Mladenova ( *Member of Parliament in the Seventh Grand National Assembly, 22 Sofia-district multi-mandate electoral district, as well as in the 36th ordinary National Assembly. Previously, he was a Deputy City Prosecutor at the Sofia City Prosecutor's Office; Chief Legal Advisor at the Committee on Labor and Social Affairs; and Senior Expert on Legislation at the Legislation Directorate at the Ministry of Justice. In the Grand National Assembly, Sonya Krumova is a member of the Committee for Drafting the Constitution, Secretary of the Legislative Committee, Deputy Chair of the Committee for Drafting the Rules of Procedure of the Grand National Assembly.)*

" *Law after 13.07.1992 -* ***none*** *! Which is described in the Constitution in 1991 on July 13 and published (in force) in 1991 SG56 as* ***an indisputable*** *fact."*

Former "Bulgaria" is a Legal Territory of a Sovereign **after** 18-21.10.2024 RR-Request_Report-ECB-VCommision 00483\7,8\810015 ; PR- Request Report 004(8)88810016 21.10.2024 ITNJ-EN 16.12.2024 00483\7,8\81024 in 2025 Report / Request 004888128 – 10-12.02.2025 (postal operator) ; Request / Claim 004888127 - 17.02.2025 **regardless** of the collaboration of the former "Bulgaria" under Agenda with Liberal International, its **internal** residents! (see below)

Informed Vatican / Vatican 004900126 28.01.2025 about the processes (Pope Francis); BAN Ban / Request 0062(5)3(7)0130 24.03.2025 to the internal bandit staff. The official documents were sent via an official postal operator to the address, also shared with various recipients of correct information about the fact that not only **is there no** state "Bulgaria" after 1992, but a Coup d'Etat was **carried out** in 2005!

IMMUNITY Sovereign in the person of Their Excellencies, provides by Law **full** Protection and **indefinite** Immunity in **a territory** over which **power** has been Usurped through a Coup d'Etat, and after 1992 this "power" is an Illegal, Outside the Law and Criminal form of **suggestion** through **a fraudulent** requirement to comply with bandit, invalid, criminal orders and obligations that **do not** give rise to - legal consequences!

VARHA.ORG

*NOTE **BENE** International Organizations Immunities Act – IOIA / Immunities-Act-**1945** Unprecedented, Unquestionable, Inviolable Immunity Ensuring Immunity and Inviolability of Their Excellencies!*

**1** *But, this Illegal, Lawless and Criminal "authority" has "experience" in **illegal** activity in this part of the Balkan Peninsula for its short history of several generations of organic products with shoes after traditional pork rinds for this region.*

In this way – the IMMUNITY of Their Sovereign Excellencies is – FURIOUS due to an Illegal, Lawless and Criminal “government” which has an armed (bandit) “law enforcement” force **with no** rights whatsoever after 1992! (see Hutzpah)

**2** *This made it **impossible** for communication from within to voluntarily (in good faith) settle **the debts** accumulated by the Illegal, Illegal and Criminal "authorities" for 1 **action** against Their Sovereign Excellencies, for 2 **actions** of the bandit group after 1992, after the Coup d'état in 2005 under **the auspices** of the Liberal **International** , which wants at all costs **the former** "Bulgaria" to be **turned** into a corporation as an opportunity to implement the programs set out under Agenda 2030 of **external** orders - which is **not** possible!*

Which is impossible, and this is indefinite!

**----------**

**SIX -** CHECKS of Sovereign / on August 31, 2023, under the condition of being carried out by a Higher Authority by Law, which (authority) consists of an Elite Minority with a Certificate that shows (indefinitely) the arising **superiority** (everywhere and in everything) - a Constitution was created after the desecrated (by precedent) in 1992 constitution of **a former** "state" now a pirate ship without a captain and **without** power due to criminal consciousness, creating a persistent **suggestion** of "statehood", of "legality" and therefore **inadequate** movements, secured with **the suggestion** of propaganda on television, radio, social networks and so on!

**1** Insinuation was noticed in all verified subjects **without** a certified Legal "practice" of presence **except** as an Illegal, Outside the Law and Criminal Group for the realization of (pirate) profits on a pirate **ship** in neither a country after 1992, nor in a corporation after 2005. This is extremely convenient not only for continental Europe, which implements its measures through collaborators from the internal composition of residents in one way or another, who realize their vital potential as such in a symptomatic relationship abroad. **2** Not only that, but the border is violated through tempting **promises** that actually involve the next stage of the implemented under Agenda 2030 part of the Apocalypse **decisions** , which have a dangerous nature for every “nation-state” **despite** the fact that the so-called “Bulgaria” 1878-1992 has long lost its national character as an ethnicity of a State-created People in a social, social, public, energy, technical, innovative, economic and biological **plan** in perspective. **3** In this way – the process is **irreversible** , and with it the place for the Apostolic work of the Sovereign, is

**thwarted** indefinitely according to the logic of **power** , because it is not worth **either** the time **or** the sacrifice – which will be **A** / in vain, and then **B** / violated by the same biological composition of the internal, public mass. **4** From the Sovereign, only status **checks were ordered for actions (or inaction) taken against** the Elite Minority members of the Sovereign Their Excellencies with the remark that **if** - the attack **against** Their Excellencies is so **C** / fierce, **D** / aggressive and purposeful, everyone can imagine the severity of **the E** / attack on the biological mass **F** / outside this Elite Composition, which is carried out **every** day in the same way - fierce, aggressive and purposeful towards an indefinite perspective! **5** Thus, the role of the Sovereign as an Apostle to an Angelic future for this part of the Balkan Peninsula, ended successfully and edifyingly.

**Inspections** . Urgent inspections were ordered of various OCG nests of the bandit group in the center, where **the presence** of a “central bank” or a table of the private company “BNB” JSC was found , just as Illegal, Outside the Law as **a subordinate** , criminal OCG nest for feeding a chain of private companies, joint-stock companies just as Illegal, Outside the Law **without** valid court registration, **without** a valid license for “banking” activity In this way , **these people** commit their crimes after 1992 **for 33** years and by 2005 for **20** years in arrears of **a severe** form of banditry, which wakes up every day with the same goal!

VERIFIED SUBJECTS / Documentary Archive

Logically, the first thing to be checked were the so-called "banks" or tables at "BNB" JSK at **the center** of the coup d'état carried out by providing financial **support** to the perpetrators as an organization, political party, judicial "system" - which **immediately** (after **13.07.1992** 23:59 to 24:01 on **14.07.1992** ) entered into the vicious circle of "judicial proceedings" and "legislation" as well as "company affairs" through the "Registration Agency" at the "Council of Ministers" **after** 1992, which is **completely** impossible!

Center (see below). No OCG in a system of an organized entity, **even** if this system is not illegal, **can** operate **without** its revenues from "BNB" JSK in a chain with secured **dependence** , despite the fact that in former "Bulgaria" there are **only** and only **illegal** forms of criminal collaboration after 1992; after 2005!

Banditry is quiet, offensive, aggressive, through propaganda, which does not comply (by habit) with any authority **outside** the composition of the Illegal, Lawless and Criminal occupation (usurped) "authority" **without** any authority to carry out **legal** actions after **the** Coup d'Etat!

Sovereign adopted this bandit, criminal situation in the process of investigating various commercial entities (private companies and societies) of those affected, because of their **activities** in a non-existent state after its **unsuccessful** "sale" in **an attempt to turn** this non-existent "state" into a corporation, **instead of** when a Coup d'Etat is being **carried out** , which Coup d'Etat was **previously** declared as such **through** a Prohibition, which was - **thwarted** by the same Illegal, Lawless and Criminal "government" after 1992!

NOTE. **1** Every verified (non-existent, **but** active) entity has been assigned **a UIC** code after 2004, **regardless** of the name of the internal composition (biological material) in the years after the "sacred" date , for the Coup d'état carried out in 2005! FOR EXAMPLE "Council of Ministers" "CM" JSK DUNS 552642316 UIC 000695018 ("Council of Ministers"), **regardless** of what color it will be displayed in, **regardless** of the name of a "political party" or any other fraudulent **act** of suggestion! – above **every** non-existent, **but** active (criminal) entity (on it, at the top) is located – a private **company** , fraudulently called “Council of Ministers” which **private** company is intended for public consumption of degrading, public potential or OCG - organized in a “political body” bandit **group** , fraudulently called any UIC **private** company “political party”, which (“political party”) is assigned its own UIC commercial, corporate code and is located in a position – **under** the UIC of a private company “Council of Ministers” and where, these non-existent **entities** , are gathered in a private company “People's Assembly” PA” JSK **UIC** 000695018 in such a way, through the so-called “People's Assembly” private **companies** , are gathered in the hands of a private **company** “Council of Ministers” in anticipation of monthly **salaries** from the private company “BNB” JSK **UIC** 00069403 7 in **position** at the top, on **all** intangible but active (criminal) entities!

**2** Without money, no one would do **anything** against the former "Bulgaria" which was done by a "central bank" because of human greed, turned into a degrading appendix without exception, having the same goal!

**3** These UIC "corporate codes" are **distributed** by the "Registration Agency" to "MJ" JSK DUNS 600772230 **UIC** 000695349 ("Ministry of Justice"), which "Ministry of Justice" is under the "Council of Ministers" **without** exception as an absent, **but** active (criminal) **entity** , in turn acting in the same Illegal, Illegal and Criminal manner **after** 1992!

**4** After 1992. A CONSCIOUS act of **intent** to commit a serious, criminal crime. The so-called "Registration Agency" was created 1 (one) year **before** the SECOND Coup d'Etat in **2005** in an attempt to sell **a non-existent state with the aim of transforming it into a corporation on the way to the Agenda 2030 Program, which is not** yet reported by **either** the "central bank" **or** the "council of ministers" **or** the internal agents and residents **preparing** (as a group) their attack!

QUOTE " *Registration Agency" was established on July 31, 2004 with the adoption of §27 of the Law on Amendments and Supplements to the Law on the Cadastre and the Property Register (published in the State Gazette, issue 36 of April 30, 2004. .* " END OF **QUOTE** - Neither a "cadastre law" can be adopted after 1992, **nor** a "property register" can be adopted after 1992, **nor** a "registration agency" can be appointed after 1992, **nor can "paragraph" §27 of the non-existent** "amendment and supplement law" be adopted END of Note!

Examples given that every so-called "political party" represents a private company!

ARTEA.ORG

**5** Branches. Thus, under the "Council of Ministers" is **every** non-existent, **but** active (criminal) entity similar to the shown "Ministry of Internal Affairs" in turn, which branches out to **internal** divisions - for example, "border police"; "fire safety"; registration services; inventory and so on / "Council of Ministers" is **also responsible** for correctional institutions and prisons and so on, for non-existent according to the UIC **but** active Illegal, Outside the Law and Criminal entities!

**6** The "Council of Ministers", in turn, is located **above** every "ministry" (which is) **below** the entity in the same way as the private **company** , fraudulently called "BNB" JSK, is located at the top, above **all** intangible **but** active entities after 2005!

**7** Thus, the claim against the so-called “Council of Ministers” does not affect the **currently** active “political authority” – which is **empty** in content as a fiat instrument (of an empty currency) in the hands of an “assembly” like the private company - “National Assembly” NA” JSK **UIC** 000695018 in the hands of – a central authority, which is intangible **but** active (like OCG ) through the private company "BNB" JSK **UIC** 00069403 7 in anticipation of new orders from the ECB, **regardless** of internal protests or jumping of biological material!

**8** It is said below that the so-called "BNB" JSK, whatever it may be called (this "bank") in the future, will remain **an inseparable** part of its (until another is **deliberately assigned** ) UIC commercial, corporate code for communication with this non-existent, **but** active (Illegally, Outside the Law) entity at the center of Illegal, Outside the Law and Criminal "power" in **neither** country after 1992, nor in **neither** corporation after 2005! - the new UIC code will accept all the consequences of the "table" in the same way.

ARTE.ORG

Shown above, **there is not** a single **state** entity, **but** dematerialized private companies in a missing "corporation" after the SECOND Coup d'Etat carried out in 2005, after the First Coup d'Etat carried out after 1992!

EXAMPLE – **1** Without exception , **every** non-existent ( **but** active, acting Illegally, Outside the Law) entity is a “private company” in a non-existent ( **but** active, acting Illegally, Outside the Law) “corporation” in a non-existent (inactive) “state” after 1992! **2** In this way, **every** “Council of Ministers” ( **explained** – Council of Ministers JSK DUNS 552642316 UIC 000695018 will always have **one** UIC commercial code **regardless** of “political” changes); **every** “National Assembly” JSK **UIC** 000695018 will always have **one** UIC commercial code **regardless** of “political” changes; the same applies to **all** organizations, committees, agencies, companies, etc. **3** each UIC non-existent ( **but** active, operating Illegally, Outside the Law) entity - is **directly responsible** to "BNB" JSK as **a dependent** entity for its revenues to the same **center** ; **each** organization will be **directly responsible** to "BNB" JSK as **a dependent** entity for its revenues to the same **center** ; each "political party" is **directly responsible** to "BNB" JSK as **a dependent** entity for its revenues to the same **center** ; the circle is closed!

( **Each** “Government of Bulgaria” must receive its own corporate code **under** “Council of Ministers” which “Council of Ministers” DUNS 552642316 is collected (located) **under** “National Assembly” DUNS 681512895 / so **each** : “Government of Bulgaria” DUNS 027760507 ; “Government of Bulgaria” DUNS 055727374 ; “Government of Bulgaria” DUNS 941535148 ; “Government of Bulgaria” DUNS 610010209 is collected (located) **under** “Council of Ministers” / so **each** “political party” ABC DUNS 507510073 ; “political party” ; BSP DUNS 523006335 ; “political party” GERB DUNS 523774000 ; “political party” GERGYOVDEN DUNS 523273714 ; "political party" GREEN BULGARIA DUNS 523358544 ; "political party" KDS DUNS 523360739 ; "political party" YES BULGARIA DUNS 524370845 - these "political" examples are found (are gathered) in ( **under** ) the "council of ministers" which "council of ministers" is found (is gathered) **under** the "national assembly" DUNS 681512895, which "national assembly" is found (physically in the food chain) **under** the private company " **BNB** " JSK UIC 000694037 which private company is at **the top** of this OCG pyramid, explained.)

DAMAGE and National Security. **1** Provided, **the location** of the so-called "BNB" JSK is extremely **sensitive** as a central position, it is also extremely **dangerous** as a possibility for the manifestation of Banditry which product (of the damaged **psyche** ) will encroach **not** on the periphery in symptoms **towards** the state body, **but** in the center on **every** honeyed manifestation of a positive desire to do anything!

**2** The damage is that **the same** "national security" **without** exception security services; law enforcement groups; adjudication groups (so on) receive their income through a chain of this OCG closed, financial (secure, encouraging) circle!

**3** This Damage is **a breakthrough** in the system **not** only of National Security, **but** ensures active collaboration with negative manifestations **beyond** the geographical border in such a way that these OCG nests develop "creatively" **enabled** by the same center in a chain, conditionally and indefinitely!

Further. Checks **were** carried out **solely** as an active **response** of the Sovereign to **the internal** activity of a bandit OCG symptomatic, first of all, of aggressive **actions** of an armed formation of the militia "authority" (executor of internal "orders" also in the form of "repressive "authority" over the public, biological composition) with the Sovereign's observation of **a chain** of private companies in the form of (self-proclaimed) agencies, bank (table) operators, who participate daily as OCG in the coup d'état **carried out in** 2005 as UIC commercial companies, private companies **without** certification that is valid **except** as an OCG group in **any** way, which **cannot** get out of the (practice) of its **bandit** composition!

*I, in the person of the General Manager of Sovereign, receive at a **false** address in Sofia (Skobelev 48) a letter **without** an objective sender, except for the person Sofronieva as an "agent" of the so-called "DSK" JSC UIC 121830616 branch in the city of Varna, which letter is with a crazy content of a sick claim in such a way that **the debt** of the so-called "DSK" JSC or the Hungarian "bank" from **the foreign** legion in **the former** "third Bulgarian state" 1878-1992 **increased** to 100 million BGL due under Unilateral Satisfaction, explained in the Report / Claim against "BNB" JSC center.*

**SEVENTH -** PROHIBITION and ORDERS – **no** Order or Prohibition that a Sovereign sends upon (over) the Illegal, Lawless and Criminal “power” is **not** respected, **not** executed, **not** distributed along the OCG chain under **UCC 1-308, UCC 1-308.4** One is notified, **all are notified** . Which is **hidden** not only by the "BNB" JSC along the chain of the Illegal **UIC** "power" after 1992 in 2023 - 2025. **All are notified** - but they are playing their show in front of the Sovereign at the same time **when** the attack on the Sovereign continues **against** people with a High status of social presence under the burden of social waste with **manifestations** of low priority for mandatory intelligence, through ignorance of the "pig connection" **because of** daily income or for another reason that is related to the central government and which power is **not** political, **nor** of an organization or state entity! The same people emerge from different places, dependent on the same **center** of daily income! – at the center of the “power” of the attack on Sovereign, is the private company “BNB” JSK JSC together with its metastases **without** exception, which are Illegal, Outside the Law despite the attempt to transform the former “Bulgaria” into a corporation with many private companies, which action is **not** possible after 1992 explained due to the lack of sellers despite everything that creates **the criminal** situation in **neither** a state after 1992 **nor** a corporation after 2005!

The criminal environment is extremely convenient for continental Europe in terms of the implemented 1 programs for attacking former nation states, also because of the 2 theft of assets between partner services, including 3 other not covered here actions of the criminal OCG group, external and internal!

TROUBLED ORDERS **1** Troubled for Mandatory Orders. **2** Thwarted Blocking Request. **3** Ignored with HUTSPA (hold my hat) are topics posted by Sovereign with an exceptional content of **composition** , which is – Superior and Superior **to** the Illegal, Lawless and Criminal “power” found by Sovereign which still disposes of other people’s assets and values, not for its own account after the Coup d’Etat in 2005!

**EIGHT -** Thefts on a particularly large scale! During this period after 1992 after 2005, billions of US dollars, German marks and euro currency were stolen under programs for the "recovery" of the bandit OCG (organized crime group) despite the fact that in the period between 2024 and 2025, Sovereign publicly showed (including to the European Prosecutor General's Office) about stolen funds in a huge amount from a Criminal Group, which OCG not only **has** no rights to "embezzle" money, to show itself publicly, but **has** no rights - **to** sign agreements, **make** promises, **draw** loans, **give** out concessions, **denationalize** property, **to** conclude contracts with OCG partner services that mutually divide their realized loot!

That is the ultimate goal.

ARTEA.ORG

**NINTH -** ATTACK and Genocide. Section No. 9 reports **an attack** on Sovereign by Illegal, Lawless and Criminal “power” in every way, provided by **private** companies and joint-stock companies in **neither** a corporation **nor** a state, which fraudulently with hope under the suggestion of “power” **attack** from all sides in an attempt to realize their Illegal and **criminal** intentions! It turns out that not only members of Sovereign Their Excellencies are attacked in every way in anticipation of realizing **the criminal** intentions of this OCG group, but for **a 33 - year period, serious** , retaliatory crimes of **Genocide (described in detail in the archive)** have also been committed under Law 404 for Retaliatory Beginning, which is indefinite!

The attack by **this** Illegal, Lawless and Criminal "authority" after 1992 after 2005 through an act (by an aggressive OCG group) Coup d'état by the same Illegal and Lawless, Criminal "authority" on (and against) the victims of **this** Illegal and Lawless, Criminal "authority"; this attack **has no** restrictions of regulation even under the "internal" Criminal "laws" ("forged" after 13.07.1992 at 23:59) in such a way the bandit OCG group incidentally **attacks** its victims as an "authority" in an organization of "laws" to inflict damage and severe harm that cannot be repaired **over** time!

" *The corporation uses its employees to inflict severe damage and harm through the press, television, radio, social media for pressure, and uses* ***all of*** *its so-called "state" institutions for aggression at the lowest level.* "

"Debtors" of private companies "banks" and "credit companies" are provided **without** exception in DUNS 52-364-3611 which are Illegal and Outside the Law, **without** a valid banking license, **without** a valid court registration after 1992, this ended the certification for **each** company in a missing corporation, despite **everything** done to **instill** a "state" that is also missing for any "upgrade" of the metastases of the "authority", the latter of which is in a state of " **command** " regime **outside** the territorial borders of the Balkan Peninsula, awaiting new orders! (see Diversion and Occupation)

The attack with the aim of **Genocide** is described as comprehensive, starting from the “personal cards” through grammar, through inflation, to providing incentives for denomination, depopulation, utilization of the primary (mandatory) State-Created People in order to have a state with **the same** name! Negative Demography by ethnic composition is provided, which is a secret for the lack of a State-Created People as the overwhelming majority! The ethnic composition in the personal, “corporate” cards has been **deliberately removed** ! Genocide as a manifestation is a severe trauma according to historical data for 852-889 (50 boyar families killed, 250 elite members); 968-971 (300 elite members killed); 1944-1990 (3000 elite members killed); 1990-2005 (bandit transformation); 2020-2025 (medical invasion and chemical attacks, tens of thousands of elite personnel killed and in Turkish, which was not) ; Genocide of changing (replacing) the ethnic composition ; Genocide of "educational" swearing (disgrace of the young) ; Genocide of loans taken out with future interest for the innocent ; Genocide of "simplification" of grammar ; Genocide of increasing prices through (fiat) inflation (political bargaining) ; Genocide of selling out and concessions ; religious Genocide under Stockholm Syndrome / Genocide is selective because it does not concern marginal, ethnic masses. The genocide has been confirmed generationally in a state that has been absent since 1992, at the expense of the existing Illegal, Illegal and Criminal Power, which fulfills its role against the former "Bulgaria" 1878-1992 in conditions of **intentional** causing irreversible damage, due to personal motives - monetary mass, wealth, addictions! Without a State-created People, there **cannot** be a state that answers to **the same** name! Thus, the so-called "Bulgaria" fraudulently uses **fictitious** signs and symbols, which despite being FORBIDDEN by Sovereign with BR Ban / Request 0062(5)3(7)0130 from 24.03.2025 continues with the same goal, of these psychopathic manifestations because of this suicidal, Criminal group in the hands of Illegal, Outside the Law and Criminal "authorized power" to show its **negative** character! The trend is endless.

Genocide was committed after **2020** in a *" **command** " regime outside the territorial borders of the Balkan Peninsula, awaiting new (central) **orders*** in the future!

A deliberately prepared Genocide is the aspiration to **1** transform the private company "BNB" JSK into **a center** of digitalization with a central currency (euro) whose validity **2** will be **fixed-term** (several months) for the purpose of quick liquidity, allowing - **the robbery** through "BNB" JSK to continue to an infinite number in a perspective that **3** is not infinite, but fixed-term, while the "zeroing"

of all **liabilities** of each "bank" is carried out under Agenda **4** the utilization of "human material" from the lowest level, thus "BNB" JSK takes its place **5** of a "utilizer" over the personal everyday life of **6** potential victims, who **7** have no other way out.

This center ("BNB") of the attack on **former** "Bulgaria" creates the impression of a healthy, vital organ, despite the fact that it is an extremely sick **form** of unhealthy fantasy, which has **its own** names during **each** period of the criminal action **without** exception, which are not abstract under the "hat" of a different **suggestion** with a claim or tendency to show some other truth!

This center for attacks against **the former** "Bulgaria" has had a **negative** presence throughout **the entire** active period after the creation of the "BNB" in 1879 as **a place** for storing **foreign** wealth and valuables, which have **an unenviable** history of foreshadowed fate!

If a manifestation of "conscience" (for the perpetrators) is expected, this will be with a negative sign in perspective, to the available evidence of **the criminal** composition of the Illegal and Extra-Lawful, Criminal "power" after the Coup d'Etat in 2005 by usurping power after 1992!

For continental Europe, this is extremely convenient.

**TEN -** RETURN WAY The facts shown above made it impossible for any action to restore the lost state on the Balkan Peninsula, as the Sovereign gave **up** his Apostolic work **after** a thorough examination into the factual **situation** of irreversibility for any positive processes, especially after the sentence for the people in 1875, **neither** worth the sacrifice, **nor** the effort, **nor** the time!

**----------**

**11 TEN -** CENTER "BNB" JSK Section No. 11 reports **a center** of the Illegal, Outside the Law and Criminal "power" which center is **not** a political party, is **not** located in the hands of a "state" or "corporate" OCG organization, **nor** is it found by name in a private person - **but** , we will find it only where **every** day after 1879 foreign wealth is disposed of; where the theft of national wealth is enabled (facilitated) through a subordinate Center of "power" that is **not** political, **but** distributes "political" salaries and incomes along a chain of organized OCG network on the geographical borders of former "Bulgaria".

BLOOD CONNECTION The private company, so-called "BNB" JSK UIC 000694037 in DUNS 523643611 not only has **every** asset of the former "Bulgaria" at its disposal - but is at **the center** of a circulatory system or blood connection between **every** private company that depends on cash revenues for their storage in a chain of private companies called "banks" or taverns with 99% foreign participation, while the assets of the former "Bulgaria" such as interest and taxes,

fees and so on, are exported abroad to the missing state! Banditry is well crushed in the deep throat of **every** accomplice.

The private joint-stock company called "BNB" JSK (a false abbreviation for the purpose of deception, because there is nothing "folk" and national about this place) is at the center of **every** attack not only against the Sovereign through the arguments of the "authorities", which feed and receive their daily **salary** along the chain of equally Illegal and Illegal, Criminal **nests** called "banks" and "licensed" in the center, from the same Illegal, Illegal and Criminal OCG organization - not having **1** valid court registration after 1992, using **2** fictitious UIC code after 2005, handing out **3** Illegal, Illegal and Criminal "licensees" to "Bulgarian banks" which are 99% foreign property (explained) / also **fraudulently** , the abbreviation "Bulgaria" is used **4** without internal content, except for convenience as is the habit of the bandit OCG group!

The CENTER of the attack (not only) against Sovereign Technical Excellencies in the food chain of private UIC companies, societies, organizations, political parties, committees and other **fictitious** names, is located in the "bloodline" due to income in values and assets (in the former "Bulgaria" CIK #: 0001328041 / "Bulgaria" ("Bulgaria") DUNS: 523643611) - the central **authority** of the private company "BNB" JSK UIC 000694037 in the flow of capillaries of the circulatory system, which is intended for **the systematic** care of the bandit OCG along the nest "BNB" JSK UIC 000694037 **without** exception, showing over the years this **center** of bandit power, where there is collected foreign money, foreign arrays of values; where there is foreign wealth for the victims of the so-called "BNB" in the center against "Bulgaria" **immediately** after 1879!

The invented, **fraudulent** names for "fighting" "crime" for "proving" anything in the hands of Illegal, Lawless and Criminal "power" is intended as **a plan** for systematic care through "cleaning" with "unwinding" of - victims effectively, as a waste of **time** for retaliatory action, just as effectively blocked!

1 In this way. The claim of Sovereign, is directed against – Center of Illegal, Illegal and Criminal “power” over monetary **revenues , where the private** company “BNB” JSK UIC 000694037 in DUNS 523643611 is located **without** exception, where **all** commercial UIC companies in the Commercial Register are Illegal, Illegal and Criminal forms of OCG – while receiving monthly **salaries** from the Center on the basis of **every** crime against former “Bulgaria” **without** exception, found the private company “BNB” JSK as a Center for attacks against Their Excellencies, the members of Sovereign after 18.10.2024!

Private companies. Along the chain of this OCG (criminal group) are **private** companies that **fraudulently** acquired not only their own UIC commercial code, **but** also fictitiously displaying - names, titles that **do not** correspond in any way to their content, which content in no way **corresponds** to its intended purpose, except as a means of attack **after** the coup d'état by usurping power **after** 1992!

2 In this way, in CIK #: 0001328041 / "Bulgaria" ("Bulgaria") DUNS: 523643611 private, commercial companies from the Commercial Register such as "NA" JSK UIC 000695018 ("National Assembly") along the chain **center** , political branches; OCG "power" metastases (public, non-public groups, nests and gatherings) not mentioned here, but located on **the territory** of the former "Bulgaria" 1878-1992 actively **implement** imposed orders through attractive work of **personnel** , which in **each** period has its own **names** regardless of whether it will be "CM" JSK DUNS 552642316 UIC 000695018 ("Council of Ministers") along the chain center, political branches; OCG "authority" metastases (public, non-public groups, nests and gatherings) not mentioned here, but located on the territory of former "Bulgaria" 1878-1992. This is achieved through repression of a "law enforcement" body - the private company "Ministry of Internal Affairs" DUNS 552575789 UIC: 000695235 having significant experience not only after 1944 in performing tasks in an attractive, because of its armament (Kalashnikovs, grenade launchers and pistols) particularly aggressive way of "law enforcement" **without** the available law after 1992, when **there is** nothing to apply, **but** it is still done - because of "BNB" JSK at **the center** of monthly salaries, under social to pension collaboration (for a job well done) by winking at the "authorities" between their parasitic OCG nests, which were found in the food chain against the former "Bulgaria" 1878-1992!

Without exception, **private** companies are committees, political parties, courts, prosecutor's offices, ministries, municipalities, "banks" (tables) where there is something to steal / for example: "BNB" JSK UIC 000694037 (branches in the chain of the "table") "DSK" JSK UIC 121830616 "UBB" JSK UIC 000694959 "EURObank" JSK UIC 000694749 "NRA" JSK UIC 131063188 "API" JSK UIC 000695089 "MJ" JSK DUNS 600772230 UIC 000695349 ("Ministry of Justice") as "CC" ("Constitutional Court") JSK UIC 000698605 "SJC" ("Supreme Judicial Council") JSK UIC 121513231 as chain center, regional and district nests) "OPr." JSK DUNS 523217770 UIC 000695064 UIC 121817309 (prosecutor's office along the chain center, regional and district "prosecutors' offices") so on.

In the Center, **the private** company "BNB" JSK enables **every** action of Illegal, Illegal and Criminal "power" along the chain of this OCG group for banditry, especially attractive, criminal robbery and robbery!

NOTE Derelict companies in a Derelict state. The existence of private companies is not a problem **,** but **their** non - **existence** after **the attempt** to sell (incorporate) a company worth $ 750,000 in order to turn **a** non-existent "state" into a corporation after 1992, explained by the action of a coup d'état carried out in 2005, **instead of** everything being in order according to documents, so that **there** is some **chance** for the found Illegal, Illegal and Criminal "authority" to have **a** claim to a state that has been transformed into **a** corporation. In this way, **private** companies, in addition to being non-existent by law, are **an inseparable** part of the Illegal, Illegal and Criminal "authority" through their actions after 2005 to 1992 in the period of promiscuity to 33 years of **banditry** without a way out - this one, to have the opportunity to come out "in the open" to

the surrounding **environment** , which is extremely hostile to the criminal OCG group!

**Nothing** is sold for **nothing** if $ 750,000 divided by 5 million human heads shows the sale of small cattle for $ 6.66 **without** offering **anything** in return, because in 2005 **there was no country** that was still "sold" in this way, not only was power usurped after 1992, **but after** the first Incident, a **second one** was attempted , completely consciously, intentionally and purposefully!

The illegal, illegal and criminal "government" thus finds itself in a hostile environment and does **everything** possible through deception or otherwise (understand any way) to get out of the situation by **instilling** (television) respect through propaganda tools, through actions of the people's militia on order out of habit, when there is something to do inside for **a private** company called the "Ministry of Internal Affairs" understand by performing internal tasks for " **saving** the government at all costs" whatever that means!

Any **private** company in such a way is **not** a legitimate subject under the Law, in order to be **outside** the composition of the Illegal, Outside the Law and Criminal "power" **over** other people's property, values and wealth; **which** Illegal, Outside the Law and Criminal "power" - to be able, to **have** the right to dispose of **this** other people's property, and also to **have** the right to perform actions to provide a service or in any other way, which would respond **outside** the intentionally created Criminal environment, because of such consciousness!

The sale - was not carried out with **1** legitimate entity (state) from **2** legitimate entities (seller) to **3 legitimate entities (buyer), the latter of which receives a non-existent "state"** abroad and begins to aggressively dispose of foreign wealth in an extremely bold, criminal way, through the committed, **but** unfulfilled despite realized **theft** of National Wealth in particularly large amounts, for which **there is no** statute of limitations!

This is a major problem not only for the so-called "central bank" or "BNB" JSK at **the center** of the attack on the former "Bulgaria" as it remains today!

**Not only** is there no state, **but** there is no corporation – only a developed network of OCG **nests** of the parasitic relationship of collaboration between them / “separation of powers” – **there is no** , because **1 no** power (except OCG ) **2** dependent on the center of daily income **3** in the hands of propaganda on the way back to the "central bank" - a table in the food chain of **a derelict** state, which despite **being absent** , has still been sold and vice versa!

(4) *AUDREY This **audacity** of the Criminal actions (described below) is carried out entirely in agreement with the center of continental Europe its European Central Bank, which is informed with RR-Request_Report-ECB-VCommision-18.10.2024 00483\7,8\810015 End of quote.*

**1** Europe. The issue (of continental Europe) is to implement the measures under Agenda 2030 by Illegal, Extra-Lawful and Criminal "power" on the Balkan

ARHEA.ORG

Peninsula by Law, which is **not** possible in **any** way, under **any** valid pretext that has its **basis** - quite the opposite!

**2** The Illegal, Lawless and Criminal “power” is extremely convenient for the center of Europe and will do **everything** possible to fulfill the tasks set **despite** the Illegal, Lawless and Criminal consciousness, which is extremely **convenient** for this center (President in Brussels; ECB table in Germany) from where the aggressive, Illegal, Lawless and Criminal “power” receives its orders! (see Occupation and Sabotage)

**3** These orders, which come from **outside** the territorial borders of (Sovereign) former "Bulgaria" centered in (2) Brussels and (1) Germany, are developed by order to **internal** residents for their execution, which is **carried out** by a "law enforcement" body of a people's militia for one night, which (people's militia) has been transformed into a "European police" instead of a grotesque one, which is impossible **despite the fact** that Germany purposefully sends funds for providing the service in **cash** to a "repressive apparatus" for a job well done, which is directly related to a bandit OCG group in former "Bulgaria"; equipment and mobile means, weapons, etc. arguments.

**A** / These internal enemies carry out their actions solely and exclusively for their monthly gain! **B** / In this way, for money, hundreds of thousands of accomplices every day sell their small, forgotten conscience! **C** The circle closes.

On the Balkan Peninsula. In the former "Bulgaria" 1878-1992, despite the Prohibition, after a Blocking and Preclusive period of Deterrence through Prohibition, **actions are taken** to achieve personal well-being, **regardless** of whether 1 these actions are criminal, or 2 they encroach on an extremely large number of victims of the bandit "authority" experiencing its ("European" not Jewish) renaissance of **collaboration** between the bandit "authority", if **nothing** else is found between them!

The attempt to transform the former "Bulgaria" (corporately) into a client-centric "state" **cannot** be carried out by a "central bank" that is closely connected to Illegal, Illegal and Criminal "power" in a missing "corporation" , **without** secured rights for any action along the chain of food addiction!

The attempt to turn any free person into a corporate client **cannot** be carried out by a "central bank" that is closely connected to Illegal, Lawless and Criminal "power" in a missing "corporation", **without** secured rights for any action along the chain of food addiction!

The attempt to place the private company "BNB" JSK in a center for performing tasks under the Agenda in the former "Bulgaria" **cannot** be carried out by a "central bank" that is closely connected to Illegal, Illegal and Criminal "power" in a missing "corporation", **without** secured rights for any action along the chain of food addiction!

Despite everything, the Illegal and Lawless, Criminal "authority" is doing everything possible to instill elitist respect in its future victims of this rich harvest

ARHA.ORG

in the hands of the Illegal, Lawless and Criminal "authority", slowly but surely continuing **the action** of ensuring the measures under the Agenda on the (public) numerical composition with particular sharpness, which is noticeable after 2020!

There are no restrictions.

INSTEAD OF **STABILIZATION** Under the Agenda, the pressure for digitalization. Instead of stabilizing through the private company "BNB" JSK the internal composition of monetary income, of values as an asset; to develop a Program by the National "security" services (again in the hands of "BNB") for urgent, internal survival; to agree on the preservation of fiat (empty) funds such as BGL for reserve currency as a guarantee; to distribute funds (equipment) for survival in the event of a threat of global conflict; the exact **opposite is done** - this agreement between them, these parasitic OCG nests, shows not only total decline, but the holes dug in numerous bunkers for personal survival speak of a psychological trauma with a hole in the head, which is not treatable as an internal state in the brain of any residents released because of their greed for freedom in the human world!

The attempt to turn **a missing** state into **a missing** corporation is successful on the way to a "kingdom" for psychology with the worship of the Golden Taurus, which Kozel receives **nothing** in return, because - **nothing** has been sold, because **there is** nothing to sell, and the sellers themselves **do not exist** except with the intention of selling into the hands of the OCG **bandit** group!

**12 TEN -** INHERITANCE Section No. 12 reports on this fact that the Sovereign as the successor of the former "Bulgaria" or "third Bulgarian state" that existed in the period 1878-1992 - is the successor by territory (explained) **without** claim to other or lost territories, solely under the Law of the Sea and Admiralty 1899 law **after** the Coup d'état and **after** the completion of this "third Bulgarian state" after **13.07**.1992 at **23:59** "Bulgarian" time, begins to run **indefinitely** - a Preclusive period that is Blocking and Prohibiting indefinitely **any** action under the Law / seen this Law is "skipped" by habit by an Illegal, Outside the Law and Criminal "power" that has **other** tasks of denationalization, sales, active and aggressive to criminal and repressive activity including attacks on various subjects at **every** level from within the the territory, which after 18(21).10.2024 is exclusive - **the property** of the Sovereign as a territory, and **not** otherwise as an inheritance for **committed** crimes, sales, incest by agreement with international OCG partners, organization of a massacre under Agenda 2030 noticeably after 2020 for a medical-pharmaceutical and bio-chemical invasion, enabled through residents, agents, pharmacists, speculators, persons with a lack of conscience, through the repression of the people's militia towards the sought-after **quick** result of a rich **harvest** for collaborators and other criminal, criminal subjects of sleeper cells with suicidal consciousness.

Sovereign – **there is no** connection with the actions of this OCG **criminal** group from the internal composition of this biological material! – **does not** inherit **a** single attack on innocent victims!

**----------**

**13 TEN -** Law and Justice. To SECTION №3

TIME Comes **31.08**.2023 with a CORE then Sovereign in 2024 in the month of October on the 18th to the 21st day of the same month - when, **after** a precedent of Usurpation of power after 1992, **after** a precedent of the Coup d'état carried out in 2005, **an effective** right of the People - Sovereign, erected on a Valid Law of an Elite Minority with a Basic Law - a Constitution in content, which is irrevocable in an indefinite perspective!

POWER How is this done? First, we overcome **the** vice of Usurpation to the Coup d'Etat carried out during the pogrom, which lasted 33 (20) years by 2025 despite the arrival in 2024 on October 18 of the Legal Authority, explained, which was immediately attacked through an OCG organization of private individuals, private companies, pretending to be in every way, who offer themselves abroad to fulfill the assigned tasks!

Explained, Sovereign goes beyond the Maritime and Admiralty Law of 1899 with a Declaration of Truth of the first members, notarized (entered) as an announcement before the Illegal, Outside the Law and Criminal Authority of the internal composition (for Information) of the former "Bulgaria" ended as a state after 1992, which former "state" was not realized as a corporation in 2005, except through the Coup d'état. Then Sovereign receives a Request with a Declaration by Law for the acceptance of the new members. After Approval of the Request for Membership, Sovereign Disposes through Act No. 1 plus Annex No. 2 the status of the Internal Composition as a Superior Authority at the time (18.10.2024) over everything else as a claim. An Elite Minority by Law is shown above the previous Illegal, Outside the Law and Criminal "power", the latter, which has no powers over / on / against the Elite Minority - Their Excellencies! Explained, Sovereign is not an organization, is not a private company or a commercial company, nor is it a corporate form for communication, collaboration and cooperation without a basis for this. In this way, Sovereign shows an Elite Minority (explained why it is elite and why it is a minority) composed of Their Excellencies, as the Law on the Formation of a New State (CORE, REGISTER, CONSTITUTION) is extremely strictly and in detail observed on territorial remnants, which remnants are in the hands of a bandit "power", if there is no (lacking) other claim to the committed atrocities and crimes for which there is no statute of limitations.

RIGHT of Ownership. According to the Law of the Sea, every abandoned ship in international waters without a Captain and orchestra is appropriated by the first person to find it in this state. In the former "Bulgaria" after 1992 and after 2005 - the status of a non-existent "state" turns this pirate ship into the ownership of the first person to make a claim at the time (18.10.2024) on the remains, which are territorial, and not otherwise!

It turns out that on these remains are floating human remains of biological material, which fraudulently appropriates "rights" to something that (something) **1** is missing, which **2** is not there, after **the 3** Coup d'état as a **4** claim to legitimacy by law with inheritance to the previous government (1992) not only which is **5** reviled, but is **6** Prohibited with a Blocking Action (Preclusion) on the same Illegal, Illegal and Criminal "government" - criminal, because by Law after 1992 **even** blocked, it continues to show bodily remains of a fresh scent to "European" values, which are too far from Bulgarian ones!

The illegal, illegal and criminal "government" **does not** rise above this state, but fraudulently instills "statehood" in a "corporation" **without** systematically emerging as a subject of Refusal of Collaboration (consent) to the Coup d'Etat that has been carried out!

The latter (renunciation of a committed **action** ), which **cannot** be done as an entity, organization or private individual, because **every** action is declared Illegal, Outside the Law and Criminal in **an indefinite** perspective!

No way out for the Illegal, Outlaw and Criminal "power" - only Legitimate is Sovereign as a Legal claim under Maritime and Admiralty Law, with an OUTPUT over a "state" or "corporate" system over them on **everything** found in the same territory as the pirate ship!

The masons in international waters of the countries have received **information** that objectively shows and proves that the pirate ship on the Balkan Peninsula was abandoned 2 (two) times ( **1** - 1992; **2** - 2005), with this the issue of ownership, availability and unavailability has finally **ended !**

It is explained that these "waters" of Europe are confused by the information received here and in any way, will do whatever is necessary to slow down, to

block this process on the Balkan Peninsula in essence, which (action of Europe) is **beyond** any legal right for internal or international communication under Law, when **there are no** laws - except one, which ("law" for the internal agreement between criminal entities) is in a position under the weight of the Agenda in execution of expected **orders** from residents in entity **404** of a missing corporation, because of the missing state!

Under the Law of the Sea, the so-called "Bulgaria" is a "state" **404** by Law defunct, **without** an effective (real) corporation **on** a territory usurped by an Illegal, Illegal and Criminal "power", which effectively disposes of **all** resources, values and wealth that have been sold off, concessioned, pledged in debt, attacked by internal residents, in joint participants in a collaboration for personal survival in a hostile **environment** , which environment, in turn, fights for its survival against an Illegal, Illegal and Criminal "power" after 1992, after 23:59 on 13.07 (Thirteenth day, July) when **everything is sold off** , when assets of a subject of National Security are concessioned; when mutually dependent private individuals, organizations, political parties, companies, committees, mediators **without** exception corporately dependent, **without** exception in the food chain of the private company "BNB" JSK - commit the grave Crime of Coup d'état **every** day after 2005! Explained.

PYRAMID Private companies in **neither** a country **nor** a corporation with a pyramidal OCG structure.

NOTE **1** Private Company = **defunct** entity, **without** valid court registration, **without** a valid license to carry out activities, in a defunct "corporation" after 2005 because of **a defunct** "state" after 1992!

NOTE **2** If the subject is not available, but performs any activity, this (activity performed) is entirely **outside** the Law in essence against any enabling (enabling) Law, and thus the action (of the private UIC) company is Illegal, Outside the Law and Criminal, and **indefinitely** after the Mandatory deadlines specified by Law!

NOTE **3** So the so-called "Bulgaria" CIK #: 0001328041 / "Bulgaria" DUNS: 52-364-3611 actively carries out, commits (knowingly) extremely **serious** crimes under the Law, which are punishable not only indefinitely **without** a prescribed statute of limitations, but also in retribution - pyramidal from **the top** to those subject to monetary - subject relations!

NOTE **4** In the former "Bulgaria" (1878-1992) - in 2025, private companies = none!

NOTE **5** Pyramidally, neither in a state nor in a corporation, **a private** company (private "bank") "BNB" JSK is placed for the distribution of 1 received orders for 2 disposal of the internal composition in a **downward chain** 3 at the top is not a political party, organization, association, committee, state administration, public form, **but** the same private and pseudo-public "bank" at the very top of **a pyramid** in the food chain in the 4 reverse order!

ARTEA.ORG

**A** / Point G. The place is extremely sensitive and ensures the "secret" Occupation after the carried out Sabotage by penetration, seizure of system resources and values, which are provided for the benefit of the International Monetary Fund also of the World Bank, coordinated with the European Central Bank through collaboration of the completed process of transferring assets beyond geographical borders. **B** / The withdrawal of loans as part of the process of group attack or Sabotage on the way to Occupation, is carried out ostensibly for a "just" cause of "political" arguments, which are coordinated as an action towards an expected effect - removal, transfer, transfer of power into the hands of lenders; their claim to property is secured indefinitely, and with it the real power because of the same property. **C** / Power is not political if politics is a distributor (announcer) of previously made decisions, which will be dressed appropriately by the respective fraudulent "politicians" to the plebs of the public from the broad masses, deceived socially by a wide palette of color spots. **D** / 1 We do not forget that water resources assets, on fertile land, have been sold off in advance. 2 A critical mass of animals have been killed. 3 Thus, not only the emergence of Hunger is guaranteed, but also remote management of this Occupied Territory. 4 The subject of generous repression provides "guilty" for the imposition of mandatory punishments. 5 The punishments will seemingly come through a "political class of law-making" plasma of human material. 6 Behind the frame of the pyroclastic material from volcanic ash, a private company will be found, which is called "BNB" for unclear reasons. 7 Taxes and prices are being raised on the "consumer basket" of elbow-fighting props, for "progress" in a competition for personal survival. **E** / A media is provided for the entertainment of the public masses, for an attack on the plebs of the popular class, for disinformation on basic issues of personal survival. **F** / The attack as a design is precisely technical, without being proper under the right of possible, Legal attestation!

ARCA.ORG

The location of the G-spot, or so-called for clarity, "BNB" JSK as an implosive (construction of) arousal, is the only irritant to feelings in the surrounding environment.

Extremely sensitive arguments are the possible means of personal survival.

The so-called "BNB" JSK cannot be compared to the female attributes of power, but it can show itself as an irritant, in the same place.

This also suggests the monthly jump because of the carrot.

**Occupation** . An irritant for "BNB" JSK is the long arm of the World Bank and the International Monetary Fund, the European Central Bank on the G point of the so-called "Bulgarian bank" - an extremely sensitive **place** for receiving the "banking" **impulses** (orders) in depth, on foreign territory and under foreign skin of "political spasms" which are fully satisfied until the next stage, the penetration of **a foreign** hand on the fingers with nails, sharply stuck in this G public, public point.

Protests against this are **not** possible because, through a "political" mechanism, the blame for the appetizers has been centrifugally transferred **outside** the

"central bank" to **empty** , fiat "political" forms of collaboration, which is described here as communication between "BNB" JSK in a pyramidal manner, when **the top** is protected in every way from the "enemy" gaze of the media, for investigation, for retribution.

Protests only cause systemic **impulses** of "political" satisfaction for a job well done as a spasm in the conditions of the "political" system - **regardless** of the color of the chosen political system.

Deception is successfully hidden through **distracting** topics about anything.

At the top will always be the G point of the "central bank" through this Diversion **towards** achieving the ultimate goal - **Occupation** .

NOTE **6** Explained. The problem with private companies is **not** that they fraudulently present themselves as state forms of communication in a corporation from a previous state, but that statehood is **suggested there – where there is none! – that legality is suggested** there, where there is none! – that all forms of “power” are **suggested** , but which is Illegal, Outside the Law and with a Criminal **composition** , which consists in **any** time period of persons with their own **name** and address!

LAST Thus, the Law is entirely in the hands of the Sovereign after 18(21).10.2024 **without** having an opposing (legal) entity in response to the Compensatory REQUEST in an initial, **minimal** amount, given the serious, criminal crimes committed by the bandit OCG group , **regardless** of **the suggestion** of anything else, **there is no such thing** and there has never **been** one **since** 1992!

Subjectivity. The subject opposite is an Illegal, Illegal and Criminal “authority” **without** the authority to perform (Legal) actions on a claim, to perform fraudulent pseudo-legal “practices” for the purpose of delaying, postponing, blocking – **processes** that are urgent and urgent, retaliatory **against** the bandit authority! – is this Illegal, Illegal and Criminal “authority” such – the answer is in the information, which is objective, correct, in detail, in a minimum amount of text volume.

Without a legal entity, but in the presence of an active ( **not** capable) entity in the person of an Illegal, Lawless and Criminal "authority" still, which "authority" disposes of foreign values and National wealth, in a non-existent "state" - the Compensatory REQUEST is **not** formal, which is against a non-existent entity from OCG biological composition active persons every day, who in groups (corporately) **carry out** their actions in any way, - the answer is for Actions Taken and not in any other way in response to a fraudulent claim about something that will be missing!

Thus, **any** delay in carrying out procedural actions is unacceptable!

ARHEO.ORG

If there is any delay in carrying out the procedural actions under this Retaliatory REQUEST anywhere, this will only **show** collaboration between individuals who are unequivocally connected to each other in one way or another!

complete **lack of** political and financial subjectivity in this part of the Balkan Peninsula, except for an Illegal, Unlawful and Criminal "power" but as an Illegal, Unlawful and Criminal "power" after Usurping power, which (boldly and consciously) is carrying out a Coup d'état with the aim of "corporating" by selling a - non-existent "state" to the same - non-existent "corporation" with **the aim of** - implementing **the measures** under the Agenda in the future through **a center** for managing assets, resources and values as **a concept** - placed as **a central** figure of the private company "BNB" JSK in its entirety, which is **not** possible!

The private company "BNB" JSK **cannot** apply the measures under Agenda 2030 for **every** transaction that was carried out with a non-existent "entity" in a non-existent "corporation" in a non-existent "state" after 1992!

**There is no** financial entity, except for a self-proclaimed "bank" in the OCG role of a private company "BNB" JSK on such **self-proclaimed** entities!

**There is no** administrative or political entity, except for **a self-proclaimed** "state administration in a "state" of Illegal, Illegal and Criminal "power" supported by a private company "BNB" JSK in a missing corporation after the Coup d'Etat in 2005.

A serious, criminal **crime** of a Coup d'état was committed immediately after 1992 (explained as **a soft** form of usurpation) to a conscious action of a second ( **sharp** conflict for) Coup d'état in 2005, the **goal of which** is - an effective **seizure** of power ( **see** Diversion for the purpose of Occupation) through UIC coding of **every** subject in the hands of a central "bank", which is in the hands of another (external) central bank at the disposal under the Agenda, of the Liberal International ethnic **program** not only against the former "Bulgaria" 1878-1992!

A central figure of a permanent **internal** enemy (explained) is the so-called "BNB" after 1879 by 2025, already "transformed" into a private company after the Coup d'Etat in 2005, which action in **no** way validates, **does not legalize** , but only shows an Illegal, Illegal and Criminal "power" because of the same, negative consciousness in perspective!

The so-called (today) "BNB" JSK, in the person of a private company, **cannot** implement the measures under Agenda 2030, part of the Apocalypse program in **the former** "Bulgaria" due to **the lack** of any political, financial entity under the Law, except as an OCG group **for** assault, banditry and robbery, provided by Liberal Europe for the same purpose!

**----------**

**14 TEN -** RESONANCE and Response. The private company called "BNB" JSK in CIK #: 0001328041 / "Bulgaria" DUNS: 52-364-3611 which private company is

located at **the top** of the OCG pyramid in a food chain of the blood relationship between private companies - their action (or inaction) unites as **a center** the consequences for **each** action (or inaction) committed by the departmental enterprises subordinate to "BNB" JSK, **without** exception, every UIC company receiving its revenues through the "banking" network under the LAW (internal, departmental Rule) according to the text: ***1 one*** *is notified =* ***2*** *all are notified!* **UCC 1-308, UCC 1-308.4** not only for correspondence (which is not effectively executed, explained) / also by status **1** One for all **2** All for one – for actions of **one** (non-existent (UIK) by Law) entity on **an entire** (non-existent ( DUNS ) by Law) corporation, although in the so-called “Bulgaria” the bandit OCG network has **deprived itself** of the possibility of **any** claim to vitality indefinitely, even under the secrecy of corporate Extremism, which is seen in **the attempt** to denationalize a non-existent “state” into a non-existent “corporation” by an Illegal, Outside the Law and Criminal “power” – at **the center** of which is – **collectively** “BNB” JSK as a subject (without Legitimate subjectivity – except for actions **taken** ) for assigning a Resonant, Responsive, Agreed burden to monetary-objective relations after 1992, and thus Criminal in time towards an indefinite perspective!

**Example** . Resonance and Response. **1** If a given UIC company, enterprise, private company, organization, political party, etc. **performs** an action **after** 1992, this is immediately qualified as an Illegal, Outside the Law and Criminal **Action** under the Law, which after the Preclusive Period is indefinitely enforceable **without** any other option! **2** If a given UIC company, enterprise, private company, organization, political party, etc. **receives** its revenues through a network of “banks” that are “licensed” by “BNB” JSK in the center of the event **after** 1992, this is immediately qualified as an Illegal, Outside the Law and Criminal **Action** under the Law, which after the Preclusive Period is indefinitely enforceable **without** any other option! **3** The resonance between the private company “BNB” JSK **and** other UIC (incorporeal by Law) entities is immediately visible when - stopping **the revenues** at a place of choice. **4** The response in this way fully reflects the decisions of a "central bank" to **the actions** of each UIC entity. **5** Even if they do not communicate (among themselves) Mandatory Orders (from the Sovereign), private companies, in **reverse** , carry out actions **against** the Sovereign as an OCG **group** - the latest example is **the private** company "MIA" JSK, city of Ruse, from the address "David" Str. No. 2, inventing an Illegal, Illegal and Criminal **action** "investigation" No. 209 (2023) against the Sovereign His Excellency by Law, which Subject is - superior **to** any Illegal, Illegal and Criminal "authority" after **18.10**.2024 - the action of **the private** company UIC "MIA" through **the private** company UIC "Border Police" village of Chiprovtsi was carried out with a "summons" ( His Excellency **was lied** to sign) on the "basis" order of the same "ministry" **part** of the "council of ministers" with a revenue **center** - the private company UIC "BNB" in a chain of Illegal, Illegal and Criminal "power" in any way, which acquires activity **solely** on the basis of monthly revenues, which are realized solely through a "central bank" at **the foundations** of the same Illegal, Illegal and Criminal power after 1992!

ARHIV.ORG

**1** On the one hand, the "authority" silently responds with HUTSPA to **external** manifestations for it (a higher-ranking Prohibition, a higher-ranking Order), **2** while to the internal composition of this OCG bandit form of the "authority" group, it applies "the entire severity of the law" in **a non-existent** state to **a non-existent** corporation, as shown in this text!

At **the center** of the attack against the former "Bulgaria" stands the private company called "BNB" JSK, as shown in the proper evidence, which is indisputable, indefinitely!

At **the center** of the attack against Sovereign, Their Excellencies again, is the private company UIC called "BNB" JSK, as shown in the proper evidence, which is indisputable indefinitely!

**Center** . Sovereign's claim **against** former "Bulgaria" based on the collected evidence becomes a Legal - Retaliatory CLAIM **against** the private company UIC "BNB" for actions committed by corporate persons, organizations, private companies, unincorporated entities dependent on "BNB" JSK, which represent an OCG group for (domestic and international) banditry, for theft and robbery **without** statute of limitations, for the serious crimes committed by them **against** the former "Bulgaria" as well as **against** Sovereign, Their Excellencies after 18.10.2024!

*One for all and all for one* **UCC 1-308, UCC 1-308.4** shows liability for the actions of one **on** the entire “corporation” and vice versa – for the actions of the entire “corporation” (All) it shows – a central entity, a collection **center** (One) for distributing daily income, in reverse order to **all** dependents!

ARHIV.ORG

**----------**

**15 TEN -** ARBITRATION CLAIMS The claim of the Sovereign against the former "Bulgaria" is **not** against the missing people and its fundamental right to possess a territory of the same name (of this State-Formed People), which **has** nothing to do with the missing people, to be its territory except for banditry, for extremely negative ("elitist") robbery of aggressive bandits to (internal) orders, which determine not only the "agenda" but also the daily theft of resources and values, of national wealth, all this - against this same "state-former people" who found themselves in the hands of an Illegal, Lawless and Bandit "authority" indefinitely, which after the coup d'état has usurped **the key** places with intent, which is also indefinite for the criminal **actions** after 1992 after 2005!

IMPOSSIBLE There can be **no** objection, challenge or any other action by the Illegal, Illegal and Criminal "authorities", even if **external** experts (not Bulgarians) are used, legal advisors, distributors to avoid the conflict of the internal composition of **pseudo** "lawyers" **regardless** of their ("creative") practice, after 1992 which is Illegal, Illegal and Criminal **without** any other legal certification, **nor** legally qualified (their "practice") except as Illegal, Illegal and Criminal **regardless** of the claim for **anything else** , such (other) **does not exist** indefinitely in the perspective of the document of this Compensatory

REQUEST **REG** 14/258/8/1/01 - 18.07.2025 – **the burden** that is assigned fairly and in **a minimal** amount to **the serious** crimes committed (by name) by individuals and impersonal entities, believing in the absence of the Law of Retribution 404 acting in the same unscrupulous, aggressive and insulting to the human conscience (Hutzpah) manner!

MINIMUM **1** The amount of this Compensatory Claim is minimal, and also original in essence as of **the date announced** in this text! Explained, which is through the Law on Unilateral Satisfaction as the amount of compensation here suffers not only acts of attack **against** Their Excellencies, but also against the bandit OCG group **fraudulently** using the available, existing situation for the personal benefit of criminal types and abusers, who are extremely asocial in public space! **2** Without taking this into account, the Law on Unilateral Satisfaction indicates **the amount** of the Compensatory Debt under the Law on the Protection of Their Excellencies - not as an indication, but as an obligatory measure, the effect of which comes into force in due time - **immediately** !

After the coup d'état, it became clear that the usurpers of power after 1992 **had** no intentions of making a positive change in perspective, which hardened their position towards the surrounding **environment** , which was hostile to them even as a matter of personal survival!

The CLAIM is **1** minimal and **2** initial, and will be **3** updated over **time** or for any action committed **4** by the Illegal, Illegal and Criminal "authority" by **6** upgrading in size to the initial one, which was filed as minimal given **7** the seriousness of the serious crimes that were committed in the small territory for a relatively short period of time after 1992 to 2025.

ASSETS AND VALUABLES This Indemnity Claim concerns valuables and assets **1** in BGL (“Bulgarian lev”), although such a currency **has not existed** since 1992, here reported for a “working” asset after this BGL the value, which is expressed in **2** tangible assets (property - movable and immovable assets, tangible and intangible), without exception **3** crypto currency and **4** digital assets (digital asset) in **5** an amount that is relevant by **date** in the amount due.

TIME for implementation, start **date** – immediately!

HOLDERS **1** The seized funds and valuables will be **2** provided at their choice for safekeeping **3** without interest due on the amount, which will be **4** stored at a place of their choice – this bank or vault, **5** do not owe anything to Sovereign for the service performed, which will be **6** indefinite!

The transfer under the Reimbursed REQUEST is carried out at the expense of the members of the Illegal, Outside the Law and Criminal "power" announced in this text indefinitely for the private company center "BNB" JSK along the chain organized in OCG metastases of private companies and companies!

The costs of the Compensatory REQUEST in **each** direction are at the expense of the declared Illegal, Illegal and Criminal "authority" and its **organization** (the

"BNB" center), which is Illegal, Illegal for an indefinite period after 13.07.1992 at 23:59!

DEADLINE for **completing** the implementation of the Compensatory REQUEST – 1 (one) month after the Decision!

In case of delay or failure to pay the Sovereign within the specified **time limits** , the amount owed is multiplied by **X10** (ten) as specified by the Law of Unilateral Satisfaction!

BANKRUPTCY In the event of bankruptcy of the debtor (suggestion of "no money"), assets and valuables in the amount of **1/2** of the nominal cost of an item or object that has a certain valuation are **seized !**

The assessment is made by Their Excellencies for **each** object value of the Compensatory Claim !

The assessment carried out on the subject value is indefinite – until another assessment, which will be determined by Their Excellencies in the future!

The magnitude of the assessment carried out by Their Excellencies is **undeniable** !

An example of "technical bankruptcy" **beyond** cost - Kremikovtzi, BGA "Balkan" and so on.

DELAY In case of delay **1** beginning **2** end in the execution of the Reimbursement Claim until its completion, the declared – final value below in assets and values (see above) is **multiplied** by a vector with accumulation, which – **the debtor** must provide!

ARHEA ORG

PAYMENT The action of payment to Sovereign is carried out by hired workers (officials) who receive remuneration in an amount determined by Sovereign at **the expense** of the private company "BNB" JSK until the process is completed!

Sovereign – owes **1/2** (half) of the amount required here in values and assets (above) to each entity that actively provided its professional services during this **process** , after its **effective** conclusion between the parties!

If the acquisition of valuables concerns tangible assets, the division is the **same** way - **the amount** by assessment is determined by the Sovereign on a fair basis between the parties!

BANKRUPTCY – If the debt to the Sovereign leads to **bankruptcy** or means **bankruptcy** for this Illegal, Outside the Law and Criminal “power” this will **mean** – A transaction for **the transfer** of **assets** (building stock, mobile funds, consumables, adjacent land, water resources, energy resources, funds in “banks” and values – crypto, digital, gold) **usurped** in the service of any affected private company (of a coded) UIC company, political party, “bank” table, “corporate” administration from the internal composition of “ministries” and so on

manifestations of this Illegal and Outside the Law, Criminal “power” in the subject of this text!

**1/2** It is shown above that the repayment through **bankruptcy** is worth 1/2 of the nominal value, and this nominal value is determined by **an appraisal** carried out by Their Sovereign Excellencies, and **not** in any other way!

**transfer** transaction in the event of bankruptcy is carried out at **the expense** of the private company "BNB" JSK shown above, for the transfer costs, as well as for **any** available asset in the same way!

NOTE. Sovereign, will make a Legal claim against **other** entities of – Interest of Sovereign, as the action of **payment** to Sovereign, will be shown through an Annex to this text.

ANNEX If the claim against any entity **results** in its bankruptcy, the action for payment **follows** the Instruction above for (incorporeal by Law) **entities** in a state of bankruptcy, with the assessment being given solely and exclusively through Their Sovereign Excellencies!

BANKRUPTCY Technically, **not** caused by the Sovereign. If debtors to the Sovereign declare **bankruptcy** after **18.07.2025** , for example "banks" or any private companies (in the territory of the former "Bulgaria") which private companies receive (have received) their revenues through the "BNB" JSK **center - this change** in name or status for these private companies **does not** change, **does not** erase **1** the general or **2** joint and several Debt of the private company "BNB" JSK **to** the Sovereign and which is due **indefinitely !**

JOINTLY Section **16 TEN** / SIZE - **T.7** NOTE **No. 1** ; NOTE **No. 2**

*In case of delay or failure to pay the Sovereign within the specified **time limits** , the amount owed is multiplied by **X10** (ten) as specified by the Law of Unilateral Satisfaction!*

LASTLY After - Sovereign's **refusal** to provide possible Angel services in the management of the territory of the same name (formerly "Bulgaria"), the interest is **solely** in the monetary relations in values and assets, explained above.

The decision is final!

**----------**

**16 TEN -** SIZE **1** Given the collected, indisputable **evidence** that the so-called "BNB" JSK **without** exception, enables (encourages, ensures) **every** single action of the Illegal, Illegal and Criminal "authority" after 1992 - **this** Illegal, Illegal and Criminal "authority" to **commit** its crimes against the internal (geographical) composition through the Diversion of external (tasks and) programs **on** the former state (ended 33 years ago) in full, which is intentional for the consequences (explained above) **2** also **without** the so-called "BNB" JSK, **no action** can be produced **without** funds provided by "BNB" JSK through revenues

or in any other way enabling, encouraging, regulating, provoking every single awakening **without** exception of all OCG cells - **this** shows us the so-called "BNB" JSK as **3** Organizer, Goat Provocateur, Initiator of Banditry, of Repression, of the Sabotage, of the Genocide (“political” or **hidden** under different names) if **no one** works without income, and the income **comes** from the same place – **the center** of the Golden Taurus **never** , which center (table) **does not** bear a positive character, of presence **against** former “Bulgaria” immediately after the 1879 claim, for the thematic establishment of a “Bulgarian bank” in **connection** with an occupation **fund** - its storage in vaults (empty, robbed holes and bunkers) whenever it was necessary to steal **foreign** wealth, respectively, which was explained by Sovereign in documents in **2024** with this and exhausted (not finished) **the topic** on this issue **4** the amount as of 18.07.2025 on Friday as a Retaliatory REQUEST for actions or inaction in refusal or as a vice of attack or in any other way, committed against Sovereign – Their Excellencies, is expressed as follows:

**1** Former "Bulgaria" is represented by the private company "BNB" JSK as a pyramid structure **on** every non-existent entity that is **dependent** on its revenues!

**2** Private companies, ministries, organizations, political parties, companies, consortia, committees, unnamed here (intangible) entities – are directly **dependent** in the “food chain” pyramidally upwards **1** to “BNB” JSK **2** downwards by order **3** reaching the broad public masses!

**3** The claim against **the former** "Bulgaria" subjectively, **fully responds** as - **a financial** burden against the private company "BNB" JSK in the center, to **a negative** time attestation, which is actually proven by the Sovereign - **all** the time after 1879, after 1992, after 2005 in 2025 - responds as **a center** for the disposal of assets and valuables, **without** the right to any **action** after 13.07.1992, with this, the same private company "BNB" JSK occupies the life cycle pyramidally with a position at the top, above every OCG **on** the **territory** of the former "Bulgaria" - showing which is **the center** of the former "Bulgaria" and which center, **does not** respond in any way to **any other** suggestion, except for a (financial, monetary) **basis** in the center, to the same Illegal, Outside the Law and Criminal "power" as - a manager of foreign wealth!

**4** This condition is supplemented by: *One for All and All for One **UCC 1-308, UCC 1-308.4** shows responsibility for the actions of one **on** the entire “corporation” and vice versa – for the actions of the entire “corporation” (All) is shown – a central entity, a collection **center** (One) for distributing daily income, in reverse order to **all** dependents!*

**5** The Reimbursable, Arbitration REQUEST for **actions** (inaction) of Illegal, Illegal and Criminal "authorities" in the chain of "private companies" - has every **reason** to assign the Reimbursable burden **on** - a center for 1 training 2 the actions of 3 each 4 private company in a 5 non-existent state, after the 6 Coup d'état!

**6** Thus, the Reimbursed REQUEST shows the private company “BNB” JSK as the recipient of this text Sovereign Versus “ Bulgaria ” in the perspective of repayment, explained above!

**7** Any **change** of the “government” as a political party, names of “ministries” or whatever, also any **change** in the name of the private company “BNB” JSK – **does not** cancel the Debt of the former “Bulgaria” to the Sovereign even if this “state” is **called** differently, but if it is on – **the same** territory (of the Sovereign **after** 18.10.2024) – The Debt is indefinitely due and immediately enforceable – immediately within a period described as 1 month after the commencement of the action to **repay** , which is within a period – immediately!

NOTE. The debt of the private company "BNB" JSK to Sovereign in **connection** with subsidiary "banks" (tables) is **solidary** , multiplied by 2 (two) due to **the issuance** of "licenses" to carry out Illegal, Unlawful and Criminal Activity - so, **if** this "bank" owes **100** million to Sovereign, the debt of "BNB" JSK to Sovereign is **100 X 2** or 200 million in values and assets; explained.

NOTE. The debt of the private company "BNB" JSK to Sovereign in **connection** with "interdepartmental" forms of OCG organizations with a fraudulent claim to "ministries", "state administration" or private UIC companies in the same territory (owned by Sovereign **after** 18.10.2024) is of the same, proportional amount 1:1 - so, if a private company with a claim to "agency" has an amount **due** in valuables and assets of **100** million to Sovereign, the debt of "BNB" JSK to Sovereign is in the amount of **100 X 1** or 100 million in valuables and assets; explained.

The debt **to** the Sovereign by "BNB" JSK (whatever the company is **called** at a later stage; see T.7) at **the foundations** of Illegal, Illegal and Criminal "power" on the Balkan Peninsula; this Debt remains **1** indefinitely due and **2** urgently enforceable - immediately!

Time manifestations of Illegal, Lawless and Criminal "power" against the Sovereign.

**1** SUBJECT & JOINT **DEBT** , **2** STATIC & DYNAMIC **DEBT**

The debt owed by the former "Bulgaria" to Sovereign is calculated so that **it covers** actions **to** inaction, as **well as** the presence of a performed action upon **registration** of an entity due to its **A** / registration **to** its **B** / actions **after** registration or by state STATIC (for the performed **A** / registration of an absent entity) to DYNAMIC (for the performed **B** / actions of an absent by Law, **but** active Criminal entity) while the division follows to the Amount Due by responsibility for SUBJECT path of Debt to SOLIDARY cause of Debt, which cause will be pyramidally responsible for every OCG manifestation of banditry **after** 1992, explained below by Sovereign.

NOTE **BENE** : 1 **STATIC** = initial stage with registration. 2 **DYNAMIC** = during operation. (explained above)

The note is that no one **has** used violence on these Illegal, Outlaw and Criminal entities to rush them on the path of their "registration" in a former "state" and in a missing corporation for **a purpose** that is briefly explained in **this** text here!

**Actions** were carried out on **1** D and version for the purpose of a subsequent **2** Occupation, which is also explained in **this** text as a malicious act, **without** any special pressure being applied to do this, except for Criminal Consciousness and which did **not** begin immediately after 1992, **nor** did it end in 2025!

The finding is that they used a malicious code of behavioral **attestation** , which in the years after 1875 in **the sentence** for the people, has been proven in practice, and this is irreversible for the figures in the human world who **do not have** a positive attitude despite being **shown** to the contrary!

It's exactly the opposite.

SUBJECT & JOINT **DEBT** ; STATIC & DYNAMIC **DEBT - TOTAL** amount owed by the private company " **BNB** " JSK to **Sovereign** until **18.07**.2025 .

**DESCRIPTION** / Describes the Request.

Time manifestations of Illegal, Lawless and Criminal "power" against the Sovereign.

SUBJECT & JOINT **DEBT** ; STATIC & DYNAMIC **DEBT**

The debt owed by the former "Bulgaria" to Sovereign is calculated so that **it covers** actions **to** inaction, as **well as** the presence of a performed action upon **registration** of an entity due to its **A** / registration **to** its **B** / actions **after** registration or by state STATIC (for the performed **A** / registration of an absent entity) to DYNAMIC (for the performed **B** / actions of an absent by Law, **but** active Criminal entity) while the division follows to the Amount Due by responsibility for SUBJECT path of Debt to SOLIDARY cause of Debt, which cause will be pyramidally responsible for every OCG manifestation of banditry **after** 1992, explained below by Sovereign.

ARHEA.ORG

NOTE **BENE** : 1 **STATIC** = initial stage with registration. 2 **DYNAMIC** = during operation. (explained above)

The note is that no one **has** used violence on these Illegal, Outlaw and Criminal entities to rush them on the path of their "registration" in a former "state" and in a missing corporation for **a purpose** that is briefly explained in **this** text here!

**actions** were carried out on **1** D and version for the purpose of a subsequent **2** Occupation, which is also explained in **this** text as a malicious act, **without** any special pressure being applied to do this, except for Criminal Consciousness and which did **not** begin immediately after 1992, **nor** did it end in 2025!

All UIC dematerialized ( **but** active Criminal) entities that are affected in this text of Sovereign are an Illegal, Outside the Law **form of** OCG (organized) Crime dependent on an inner circle whose criminal **contingent** does not deserve the goodwill in the calculations (above) towards leniency that is shown by Sovereign in an expression of good conscience!

*( **ANNEX If other circumstances** arise to **this** text, which (circumstances) relate in meaning (of their content) to **this** text, then their (of these circumstances) **content** is added as **an indivisible** whole in the form of an Annex to this content here, to this text; which **act** of accession is expressly **described** as an act of accession by showing **this** registration number No. **REG***

NOTE **BENE** A / Why did Sovereign confront the private company "BNB" joint-stock company, which is at **the center** of the actions taken? **B** / At the foundation of **every** action are monetary - subject relations. These relations **begin** as a Subject during Registration through Static **entry** in the register (without **other** actions taken) in order to carry out **active** , subsequent Actions as Dynamics between monetary - subject relations. **C** / Thus, at the basis of **every** action, **regardless** of whether Registration will be carried out or action **after** Registration has been made, at this place (at the basis) there is a securing (as an incentive) construction of a Solidary **Subject** in this case non-existent **after** 1992, **but** allowing and enabling **every** action **without** exception through financial **speculation** designated for systematic work through – **fiat** (empty, politically agreed upon for assessment by value, not cost price – such is absent) 1 **denominations** in 2 assets and values, the latter having weight unlike the internal, exchangeable means, called BGL (Bulgarian lev in coins and paper, special carrier) 1 **having** no value except for their production. **D** / The policy of "BNB" JSK is the main argument that is assigned to the "political class" for the systematic disclosure in descending order of **decisions** that were adopted long before they were publicly announced (these decisions) to the masses. The same policy of "BNB" JSK and which is **real** , unlike the "policy" of any puppet "government" under the shadow of the central government - "BNB" JSK **to** the central - Occupation **government** , which is located outside the geographical borders, creates the argument of - greed, which **greed** is manageable! **E** / Each subject in this way seeks to obtain, to acquire in cash more **empty** denominations in assets and values during its aggressive struggle for a place under the "sun" of a "central bank" and which is at the foundations **1** of **the former** "Bulgaria", and is also at the foundations **2** of an Illegal, Outside the Law and Criminal " **power** " in its aggressive struggle for **a place** under the "sun" towards the central **revenues** !

The circle **closes** .

These struggling entities are locked in a corporate circle of a "central bank" explained that a corporation **is missing** after 2005 in a non-existent "state" to have a "central bank" except through **fraud** , which has the same **purpose** - Occupation, after the committed Sabotage (see) by invasion to carry out acts of aggressive robbery; Sabotage by granting a concession; Sabotage by providing a Criminal environment for theft and banditry, cleverly calling these actions (of "BNB" JSK) "denationalization" to be acceptable to ignorant consumers among the population!

At the center of monetary-objective relations is the "BNB" after 1879, and after **1992** as an Illegal, Illegal and Criminal joint-stock "power" in 2025.

At the center of **every** action is the "BNB" after 1879, and after **1992** as an Illegal, Lawless and Criminal "authority" in 2025.

**NOTE** / **In** the Universum, it is governed by the Laws of Universal Harmony of the Cosmos around us. Without exception under the universe, each kingdom is also governed by the Laws of the subuniverse to the earthly kingdom, together with its (of this earthly kingdom) evolutionary stages, where there is nothing accidental. **1** In this way, Sovereign helps through this text to carry out an action according to the Law of Harmonious Retribution as an adjustment to the noticed damage here, which God wanted to be shown and corrected, because there is nothing accidental in heaven and on earth, for the Heavenly and subheavenly Angels around us. **2** Sovereign made it possible to examine this damage in detail, which was shown publicly today for an ideal purpose. Because. Neither means, nor assets, nor values are sought-after wealth by Sovereign on the way to the Great Highway of life. Finally. **3** Which, will be recorded as requested by God and done by men, for the glory of Providence, his disembodied and immortal Angels on earth and in heaven!

**In** the possible positive solution according to the text of this Just, Retributive Request in a minimal amount ( *with missed fairly required benefits* ) forever, it will tear the former "Bulgaria" from the negative , Asian orbit of the Balkan Peninsula after 1878, as well as show the just action of the Law in shaping a New World Order on the power of the Law and nothing less than a just imposition (Vatican No. 004900126 - **28.01**.2025 ) of this order in the heavenly kingdom of the earthly Prince of Peace! *IT DEPEND*

The total **DEBT** in favor of the Sovereign is calculated on the above text.

In numbers: **1,125,406,178,060** BGL in values and assets, as of **18.07.2025** .

In words: One **Trillion** One Hundred Twenty-Five **Billion** Four Hundred Six **Million** One Hundred Seventy-Eight **Thousand** Sixty ( BGL ) as of **July** 18, 2025.

**NOTE** As well as changing the name of a private company " **BNB** " JSK UIC 000694037 after **18.07.2025** through company deletion **or** otherwise - **the DEBT** of CIK 0001328041 "Bulgaria" DUNS: 52364361 1 until **18.07.2025** remains indefinitely due (in values and assets) to the Sovereign after **18.07.2025** ! **The same** applies to CIK 0001328041 " **Bulgaria** " DUNS: 523643611
